

# DRY LAW IN U.S. POPULAR, LONDON TOLD

LONDON, Sept. 12.—Britons are deeply interested in what is called the "American prohibition experiment," and every published statement concerning the situation, and the attitude of the American public toward the new order is eagerly read.

The latest addition to such contributions is by the Archdeacon of Warrington, Canon Howson, who has just returned from New York, and who unhesitatingly endorsed the law. His impressions, concisely stated, are as follows:

"Prohibition has come to stay in the States. Those most opposed to it accept the inevitable. Those who have paved the way for it are facing law enforcement. A very large majority, to judge by hearsay and eyesight, agree that it is the best thing for America. The threats of 'no beer, no work, and riot and revolution' are empty vaporings, and the work of the states and cities is going on unimpeded. Smuggling of liquor

**Man of 50 Still Likes Pretty Girls**

"A man is as old as he feels."

Frank Lawrence, charged with vagrancy, repeated the old bromide in Police Judge Saunders' court today. He is fifty years old, yet—

He has an eye for beauty and insists upon making advances to pretty girls in the vicinity of Tenth and Broadway, according to Officer R. G. Feeley. Feeley said he arrested Lawrence after a complaint made by a woman whom Lawrence "made eyes at."

Lawrence was held for examination as to his sanity.

will go on for a time, but by January the government will have the situation well in hand. Prosperity is the result. Instead of saloons at the corners of the streets, banks are appearing. Happiness in the home, hitherto unknown, has appeared on every hand and children and young people are having their opportunity.

"A dry America will be a terrific rival to countries which are wet," says the Archdeacon. "All business men had better recognize this if they have not already done so. Dryness does not kill joy. I voyaged on a dry ship and a wet one, and the experience was illuminating. I have realized the marvelous power of wholehearted enthusiastic organization as never before."

"America," added the Archdeacon, "has no desire to thrust herself on her views on Great Britain. She has discovered a good thing. She only wants to tell the good news, and in any way she help progress, she is there to render that help."

## \$16,000 REFUSED BY CITY COUNCIL

Holding that acceptance of the money might set a precedent that would endanger the \$30,000 claim now awaiting decision in the Supreme Court, the city council today rejected the proffer of the Great Western Power Company of \$16,000, offered as payment for the past year's share of the company's profits from light power sales. The company is appealing from the city's larger claim for past years, holding that a portion of the claims, made under its franchise, is for power served from sub-stations outside the city.

City Attorney H. L. Hagan told the council that if he could obtain a stipulation from the company that the \$16,000 was a "part payment," he would accept the money, and that he will confer with the company's attorneys regarding this.

The council today received for consideration a resolution setting aside from the residence district zone the old brewery building at Clarendon and Clifton avenues, which has been purchased by a mattress company, and where a factory is projected. Routine street matters occupied the remainder of the session.

## BULLITT TELLS OF TREATY'S DEFECTS

(Continued from Page 1)

from other allied governments, Colonel House, he said, declared that the Americans were ready to make peace without demanding full payment of all of the debts of the Russian empire.

Senator Knox wanted to know if there was not a feeling of dissatisfaction at Paris at the way in which the American delegation's work was handled. "There was little contact between the top of the delegation and the experts," Bullitt replied.

Bullitt explained that he had been sent to Russia to investigate conditions and had been assigned from the commission because he was out of sympathy with the treaty and the league covenant. He was asked by Senator Lodge how the American delegates stood.

Secretary Lansing, Henry White and General Bliss, all expressed vigorous opinions regarding the treaty, he said. Senator Lodge asked if the opinions were enthusiastic.

"I regret to say they were not," said Bullitt. It was no secret in Paris, he declared, that Lansing, White and Bliss objected vigorously to numerous provisions of the treaty. When Senator Lodge said he thought the secretary's opinion on Shantung was known, Bullitt added: "I think Secretary Lansing was not at all enthusiastic about the League of Nations."

## GEMS ARE LOST; PORTER SOUGHT

Police inspectors had failed today to find any trace of Frank McGee, porter of the Hotel Touraine, who is being sought to tell what he knows of the disappearance of \$3000 worth of rare diamonds, belonging to Mrs. Hattie Springer, a roomer at that hotel.

The gems were secreted in the bedclothes of Mrs. Springer's room. Yesterday morning the maid threw the bedclothes into a linen closet, while Mrs. Springer was away from the hotel, visiting friends. She returned three hours after the maid had been in the room and discovered her loss.

## Four Arraigned on Disturbance Charge

Charged with starting a fight that threatened to develop into serious proportions yesterday at the Sixteenth street depot, William L. Able, Charles H. Venable, Richard D. Korie and Alex Lopez were arraigned in Police Judge George Samuels' court, charged with disturbing the peace, this morning.

Venable was fined \$10, when he said he could not appear for further hearing, on account of his work. Able's case was put over to tomorrow and the others until Monday.

## Police Hero's Widow Voted Half His Pay

One-half her husband's monthly pay was voted as a pension today by the police relief and pension fund to Mrs. C. J. G. Garza, widow of the Oakland policeman killed by Otto McMahon, suspected "gasoline bandit," in the fight in which Garza was rounded up three suspects and killed McMahon after being himself mortally wounded. Reolutions of condolence were adopted by the city council, sitting as the pension board. The pension amounts to \$63 monthly.

## Says Husband Ran Away With Woman

Walter H. Thorley, of Berkeley, according to the divorce complaint of Mrs. Hilda Thorley, deserted her and went to British Columbia with another woman unnamed. She alleges that prior to his desertion he humiliated her by associating with other women and bringing them to her home. She says he failed to take any fatherly interest in the children.

## Sugar Carried Off; Candy is Untouched

Thieves with an eye to the H. C. L., apparently, carried off a 100-pound sack of sugar from the Key Route candy store, Paul Gorcho reported to the police today.

High priced bon bons were untouched. The sugar being the only food commodity in the place, the thieves carried off the entire supply of the store.

**JORDAN-HILL INCORPORATED.**

For the purpose of expanding in the business of manufacturing and selling farm, dairy and poultry supplies, the Jordan-Hill Company, capitalized at \$100,000, has been incorporated, according to articles filed in the office of County Clerk Gross today. The incorporators are G. H. Hill, C. H. Hill, Oakland, and Paul N. Nippert, P. R. Nippert and A. H. Jordan, San Francisco. Oakland will be the home of the company and they will construct a factory and store building.

**PUBLISHERS INCORPORATE.**

Articles of incorporation, capital at \$30,000, were filed today in the office of County Clerk George E. Gross. The incorporators are F. S. Clark, present publisher of the Tri-City Review, a labor paper; H. O. Tenney, and Dike Hopkins, each subscribing to \$10,000 stock.

## JUDGE IS PLAYED BY PROSECUTOR

SAN RAFAEL, Sept. 12.—A letter from Appellate Judge John J. Nourse of San Francisco to Justice of the Peace H. de la Montanya, commending the character of a man whose trial on a misdemeanor charge was pending in the justice's court, aroused the anger of District Attorney E. J. Butler at the hearing of the case.

The defendant was George F. Fossey, a bookkeeper, charged with disturbing the peace in a local theater. The testimony was that Fossey and a fourteen-year-old girl seated near him. The letter, passed to the attorneys before the case was opened, indicated that Justice Nourse stood ready to testify, if necessary, to the high character of Fossey.

"With due respect for the exalted position of Judge Nourse," Butler said, "I regard as highly improper on his part the writing of such a communication pending the trial of a case. With perfect propriety he could inform the defendant or his attorney of his opinion of the accused, but this, it seems to me, indicates a warm personal interest in the outcome of the case."

There was marked conflict in the testimony of the opposing sides and the defendant was acquitted.

## Carranza Not to Seek Re-election

MEXICO CITY, Thursday, Sept. 11.—Venustiano Carranza, under no circumstances will seek re-election as president of Mexico and without fail will turn the presidency over to his successor upon completing his present term in December, 1920, Louis Cabrera, secretary of the treasury, announced today.

## THREE JURORS PICKED TO TRY FORMER CHIEF

With previously calendared matters interfering, there came a suspension today in the second trial of John H. Nedderman, former chief of police, on a charge of accepting bribe money. With three jurors temporarily passed and the examination of a third partly completed, the case will be resumed by Judge Lin Church Monday morning.

The three jurors so far passed are Mrs. Mary E. Wallace, 550 Fairview street; R. J. Callaghan, former State assemblyman, 1117 Eighth street, and Mrs. Julia Cruz, 973 Tenth street. H. C. Hansen, a dairyman residing at 5236 Claremont avenue, in whom the prosecution ran upon the father of Nedderman's landlord, was questioned at yesterday afternoon's adjournment.

Repeated efforts of the prosecution in the afternoon session to secure the removal on challenge for cause or former assemblyman Callaghan from the jury box were in vain. As in the morning, Deputy District Attorney Theodore P. Wittschen had failed of this end when he secured a statement from Callaghan of preference for white over Chinese testimony, so in the afternoon he failed when Callaghan admitted that he had already formed an opinion as to the guilt or innocence of the defendant which it would take evidence to remove.

Which side his preference lay, Callaghan was not asked to specify. Peter J. Crosby, counsel for Nedderman, got him to admit that his opinion was based upon the previous trial, and that upon the substance of the present trial he had no opinion. Deputy District Attorney Wittschen argued to show that the trials and evidence were intrinsically the same, and that an opinion based on the former case ought to disqualify Callaghan from sitting in this, under code provision.

Judge Church took a hand also in the questioning. Callaghan repeated that he had formed an opinion, based on newspaper accounts of the first Nedderman trial, as to the defendant's guilt or innocence, but again declared he had no opinion in the present case. The challenge for cause was thereupon disallowed by the court.

He was ultimately temporarily passed by bot sides, as was also Mrs. Cruz, whose examination was without extraordinary feature.

Hansen admitted to District Attorney Ezra W. Decoto that the Nedderman family had been among his customers for milk. He served them for several months, then discontinued.

"My milk was not good enough for them," he explained.

"No," exclaimed Mrs. Nedderman, wife of the defendant, who, with her son, Quartermaster Henry Nedderman, U. S. N., was in court; "you put too much water in it."

Under further questioning, Hansen declared that the house which the Neddermans have occupied for some time is the property of his son, Herbert Hansen, and that the Neddermans rent the house from this son. He claimed this fact would not deter his serving as an impartial juror in the case. He had five sons and a daughter, all told, he said, but none of the others was shown by Decoto to have an interest in the case.

Hansen was acquainted with several members of the police department, Captain Thorvald Brown and acting Captain William F. Woods. Both, he said, had been milkmen before they were policemen; that was how he knew them.

"Maybe that shows you ought to be a policeman yourself," interjected Decoto.

"Yes," replied Crosby for the juror, "or that the policemen ought to be milkmen again."

### Merchants Indicted for Price Fixing

DAYTON, Ohio, Sept. 12.—Twenty-nine lumber dealers and eight cream, cheese and manufacturers were charged in indictments returned today by the Montgomery county grand jury with violation of the Valentine anti-trust act in operation in restraint of trade and fixing prices.

RECRUIT DELIVERED BY PLANE. SALINA, Kan., Sept. 12.—Joseph Muse, a Salina boy, who enlisted in the aviation corps, was taken to Post field, Fort Sill, Okla., from this city in an airplane by army aviators. He

## SENATORS TO HEAR REPORT ON RUSSIA

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Sept. 12.—While the senate as a body was marking time today, awaiting opening of the final fight Monday, when the peace treaty with Germany will be taken up for consideration, section by section, the foreign relations committee planned to hold a special session to hear William C. Bullitt, who was sent into Russia by President Wilson to investigate conditions there.

Bullitt is said to have returned to Paris, bringing overtures of peace from the Lenin-Trotsky regime, during the time the peace conference was in session.

Conferees between the "mild" and "drastic" reservationists were resumed today with renewed confidence, following the report that Democratic senators had given assurance that modification of the Lodge reservations would secure considerable Democratic support. It was said practical agreement already had been reached.

### \$100,000,000 From U. S. to Aid Poland

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. BASLE, Sept. 12.—(Havas).—An American company, having a capital of \$100,000,000 is being organized in Poland to extend credits to Polish cities, so they may meet their necessities, especially for the construction of canals, water plants and hospitals, according to the Vossische Zeitung of Berlin.

### Ten Killed in Silesia During Food Raids

COPENHAGEN, Sept. 12.—Raids on food shops in Glogau, Silesia, led to the death of ten persons and the wounding of several others, it was reported here. The deaths were caused when troops, called out to suppress the disorders, swept the streets with machine guns.

is the first recruit from this part of the state to be "delivered by airplane" to the station.

## WOMAN ROBBED OF \$30,000, GEMS

LOS ANGELES, Sept. 12.—The entire detective force of Los Angeles today was engaged in trying to find the man who robbed Mrs. Lucille Orchard, wealthy Los Angeles woman, of \$30,000 in jewels and money at her home late yesterday.

When Mrs. Orchard returned to her apartments last night, a lone man bound and gagged her and escaped with her valuables.

BIG FIRE IN SEATTLE. SEATTLE, Wash., Sept. 12.—Hundreds of thousands of dollars' worth of hardware and practically the entire main building of the Whitson Hardware Co., were destroyed by fire which broke out in the basement of the building today.

## ARMY OFFICERS TO LOSE PLACES

WASHINGTON, Sept. 12.—The war department has announced that to accomplish reduction of the total number of officers in active service to 15,000 by October 31, 1919, it is essential that discharge of officers holding only commissions for emergency be proceeded with as rapidly as possible and in such manner that only those required to complete the 15,000 commissioned personnel of the army will remain in service on October 31, 1919. This will require the retention of approximately 8500 emergency officers.

An official statement says: "Emergency officers to be retained are to be selected, subject to war department approval, by chiefs of staff corps, camp and department commanders, and by other regular officers to whom all officers are taken from strong officers under their jurisdiction."

"Emergency officers to be retained outside continental limits of the United States are to be selected by commanding generals of forces which such officers are serving."

"It is necessary that emergency officers retained in the service be selected so far as possible from among applicants for permanent appointment. Officers not applicant for permanent appointment will be retained only in those cases where they possess such qualifications for a permanent discharge that a suitable applicant for permanent appointment cannot be found to such duty."

"The selection of an emergency officer for retention at this time does not bind him to remain in service until June 30, 1920, or does it obligate the war department to continue him in service should his discharge for any reason become necessary or desirable. Officers under medical treatment for disability incident to military service will be retained in service, whether or not they are applicants for permanent appointment until such time as maximum restoration has been attained. This will not be construed as authorizing retention of officers temporarily on sick report for minor disability. All emergency officers selected for retention as applicants for permanent appointment should be competent to perform in and willing to accept appointment in line of the army."

"It is not contemplated that new commissions will in general be issued to retained emergency officers at this time. All concerned will continue to reduce need for commissioned personnel and to cause discharge of emergency officers as rapidly as their services can be spared. Officers eligible for retention under allotments to be published and where retention is contemplated will be the last officers discharged."

Will Award Badges  
to Red Cross Workers  
SAN LEANDRO, Sept. 11.—General badges will be given Red Cross workers at a meeting tomorrow evening at the Masonic hall here. The presentation will be by Chester J. Smith, of San Francisco, representing the Pacific division. Mrs. B. F. Mason and Mrs. J. Dazil will be in charge of the gathering, which will include an entertainment. The Red Cross will hold a business meeting tonight at the Library auditorium.

WASHINGTON, Sept. 12.—The war department has announced that to accomplish reduction of the total number of officers in active service to 15,000 by October 31, 1919, it is essential that discharge of officers holding only commissions for emergency be proceeded with as rapidly as possible and in such manner that only those required to complete the 15,000 commissioned personnel of the army will remain in service on October 31, 1919. This will require the retention of approximately 8500 emergency officers.

An official statement says: "Emergency officers to be retained are to be selected, subject to war department approval, by chiefs of staff corps, camp and department commanders, and by other regular officers to whom all officers are taken from strong officers under their jurisdiction."

"Emergency officers to be retained outside continental limits of the United States are to be selected by commanding generals of forces which such officers are serving."

"It is necessary that emergency officers retained in the service be selected so far as possible from among applicants for permanent appointment. Officers not applicant for permanent appointment will be retained only in those cases where they possess such qualifications for a permanent discharge that a suitable applicant for permanent appointment cannot be found to such duty."

"The selection of an emergency officer for retention at this time does not bind him to remain in service until June 30, 1920, or does it obligate the war department to continue him in service should his discharge for any reason become necessary or desirable. Officers under medical treatment for disability incident to military service will be retained in service, whether or not they are applicants for permanent appointment until such time as maximum restoration has been attained. This will not be construed as authorizing retention of officers temporarily on sick report for minor disability. All emergency officers selected for retention as applicants for permanent appointment should be competent to perform in and willing to accept appointment in line of the army."

"It is not contemplated that new commissions will in general be issued to retained emergency officers at this time. All concerned will continue to reduce need for commissioned personnel and to cause discharge of emergency officers as rapidly as their services can be spared. Officers eligible for retention under allotments to be published and where retention is contemplated will be the last officers discharged."

PLUMB RAIL PLAN AGAIN DENOUNCED

WASHINGTON, Sept. 12.—The Plumb plan for tripartite control of the railroads under government ownership must be "buried beyond all hope" if it is not to be made a rallying point for the nationalization of all industry, Edgar G. Rich, transportation counsel for the Associated Industries of Massachusetts, declared today before the House Interstate Commerce Committee, considering legislation for final disposition of the railroads.

"J. Wallingford" Dazzles Capital Police Hunt Bad Check Passer

His "factory in Oakland" was a "castle in Spain"; his \$20,000 check was a fabrication, but not a crime; his \$200 check was both, alleged the police, and so search is on in earnest throughout the State today for one James C. Morris, which may or may not be his right name.

German Colonists Coming to Mexico

MEXICO CITY, Sept. 12.—The territory of Quintana Roo appears to be the main objective for German colonists coming to Mexico, newspapers here asserting that a colony known as Santa Maria already has been established there and will engage largely in the exportation of mahogany and other woods, in which the country abounds.

Man Without Hands or Eyes Writes

LONDON, Sept. 12.—Blind and devoid of both hands, Sergeant Alvin M. Nichols of the Second Durham Light Infantry refused to be classed as an "unemployable" and today can write letters as proficiently as any normal stenographer. Nichols' restoration to a self-supporting basis was accomplished through patient training, a specially constructed typewriter, a pair of artificial aluminum hands and his own indomitable spirit. Recently he passed a writing test of two hours and fifteen minutes, his "copy" necessitating only two corrections.

## HOW A YOUNG GIRL SUFFERED

And Was Restored to Health  
By Lydia E. Pinkham's Vegetable Compound—Told  
By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and who had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. T. Brown, 516 Marcy Ave., Brooklyn, N. Y.

For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

### GRAY HAIR

Becomes brown, black, Auburn—yes, the very color it was originally—with the use of Prof. John, II. Austin's—

### Co-Lo Hair Restorer

A scientific process, discovered by Prof. John, II. Austin, hair restorer, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, beneficial manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp, is not a dye, contains no lead or sulphur, will not wash or rub off, has no sediment, and is as clear as water—a pleasing and simple remedy to apply.

Co-Lo Hair Restorer comes in—  
A—for Black and All Dark Shades of Brown.  
B—Extra Strong, for Jet Black Only.  
C—for All Medium Brown Shades.  
D—for All Very Light Brown, Drab and Auburn Shades.  
Co-Lo Hair Restorer on sale at all drug stores.

## Daniels Heard Upon U. S.-Canadian Ties

VICTORIA, B. C., Sept. 12.—"Canada and the United States during the century of neighborliness have set an example for world emulation. We know each other too well for one to distrust the other. It is because of each other which is the parent of most national misunderstandings and hatred. Inmate content and close association have taught us that in our daily lives, our aims, there is no difference between the people dwelling north of the invisible dividing line and those living south of it."

### Spool of Thread 15 Cents in England

LONDON, Sept. 12.—A spool of thread now costs 15 cents in England, owing to profiteering. The price is said to be higher than during the "boom" of the 80s.

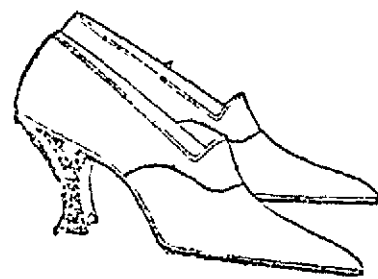

## "America in Siberia" to Be Barrows' Topic

"America in Siberia" will be the topic of Lieutenant-Colonel David P. Barrows, now a professor at the University of California, as the opening speaker tonight of the public lecture course this fall under the auspices of the Oakland Board of Education. The lecture will be at Claremont school, corner of College avenue and Black court, and is for adults. Colonel Barrows served for more than a year with the expeditionary forces in the Far East and was one of the first field officers to return with news of the situation there. When the war began, he was dean of the faculties and professor of political science in the University of California. He entered the army, was sent to the Philippines, and from there, in April, 1914, to Siberia, where he served as head of the army intelligence force.

# Many New Fall Suits will have first showing Saturday

Tricotines, Poiret Twills  
Velours, Velvets, Duvet  
de Laines, Serges and  
Peach Blooms

Seldom have suits enjoyed so great a variety.

There are belted, semi-belted and belted models, the jackets are in various lengths, some are richly trimmed with fur, others with braid, and still others are elaborately embroidered.

The more tailored models are, for the most part, trimmed with braid or buttons and the coat lengths vary from 32 to 36 inches.

The materials are tricotine, Poiret twill, velour, velvet, duvet de laine, peachbloom and serge. Prices—\$35 to \$150. Second Floor.

## Saturday is Children's Day

At Capwells is an entire department devoted solely to authentic and fashionable apparel for the youngest smart set.

### "Patsy" Rompers Just Unpacked

A new shipment of these delightful peg style rompers in pink and blue chambray, and checked gingham, trimmed with bands of white. Sizes 2 to 5 years—\$1.95.

FINER "PATSY" ROMPERS of soisette and Devonshire cloth in blue, rose, tan, green, banded with white, and in white trimmed in color. Hand stitching in black further adorns them. Sizes 2 to 5—\$3.50.

### Girls' Fall Coats

possess style distinction

Smartly designed, and just as cleverly tailored, they appear in rich silvertones, velours, broadcloth, camel hair, chevrons and mixtures.

Many styles featuring the new belted types, loose back effects and blouse-like models, in 8 to 14-year sizes.

Fur, plush, novelty buttons and pockets trim them. Colors: brown, blue, henna, navy, taupe, gold and mixtures. Priced from—\$10.95 and \$14.95 to \$59.50.

### New Hats for Children

OF THE TAILORED TYPE are many beautiful velvet and clipped beaver models in plain sailors, mushroom effects, roll brim and other styles. New Fall shades. Rich ribbon streamers trim them—\$3.95 to \$12.95.

FANCY HATS are of velvets and silk combinations in the colorings of the new season. Fur, rosettes and ribbon fancies trim them—\$2.50 to \$5.95. —Children's Shop, Second Floor.

### New in the Lingerie Shop!

#### Frisly Little Tea Aprons

Dainty lawns, when combined with laces and insertions and topped off with cunning ribbon bows, make the prettiest aprons imaginable. Just the thing to protect the gown when serving tea—and easily laundered, too. Priced from—65c, 85c to \$1.75.

DOILED SWISS APRONS Plain and with embroidery ruffled—75c to \$1.50.

#### New Crepe Nightgowns

Attractive slipover gowns of pink with blue floral designs, of white with colored designs, and of floupe. Daintily edged with lace. Just received. Each—\$2.50.

#### Silk Mull Bloomers

Women who love dainty underthings will appreciate these. Of striped and dotted silk mull in flesh color—\$1.95.

#### Charming Silk Camisoles

Crepe de chins and wash satins in flesh color, trimmed with beautiful laces and insertions. Some with touches of embroidery. Slipover and button styles. \$1.25 to \$5.00. —Second Floor.

### To Please the Boy and Yourself, Too!

#### Boys' Suits

For School and Dress

Smartly tailored suits that spell "satisfaction" in great big letters. We have carefully studied all the little things so necessary for satisfaction in boys' suits and have incorporated them in these new Fall garments.

#### Fall Suits \$12.95

Splendid Values at

You'll find your fall money's worth in style and value. Of good, sturdy woollens in attractive browns, grays and mixtures. Well lined. Sizes 7 to 17.

Other Suits at \$9.45, \$13.45, \$15 and \$17.50. Well tailored from attractive, durable tweeds and chevrons. Trimmed and finished like men's good clothes. Styles for the manly little chaps. Sizes 7 to 17.

## FIGHTING PRINCE SHIP'S MESS BOY

SAN FRANCISCO, Sept. 12.—Prince Edward of England, now sojourning with the Canada elite, and Prince Oleg V. Radomir Vorotichko, who arrived in San Francisco yesterday, both are sons of royal blood. But Prince Edward, if he should live forever and ever, would not be a million chances to one, have any adventures like those that have fallen to Prince Radomir.

The English boy came to America in state, fawned upon, idolized; Prince Radomir arrived as a mess boy on the steamer West. He is a fugitive from Trotsky's camp, where he was private secretary for the Bolshevik dictator.

Radomir is only 19 years old, yet he has the Victoria cross, the cross of St. George and other crosses too numerous to mention. He is the grandson of the King of Montenegro and nephew of Queen Helen of Italy.

He has been fighting for the allies since he was 16, and bears the scars of thirty-two wounds received in battle. Now that he has shaken off the Bolshevik menace, he says he will become an American citizen.

## Health Director to Address Graduates

Dr. Richard A. Bolz, director of the Alameda County Public Health Center, will give the address at the commencement exercises of the East Bay Sanatorium and Training School for Nurses Tuesday evening, September 16, at 8 o'clock.

Twelve young women will receive their diplomas in the class of 1919. The presentation of the certificates of graduation will be made by Dr. Louis H. Dyke.

The members of the class are: The Misses Della Money, Margaret Mosher, Florence Jorey, Julia E. Mitchell, Ruth M. Weaver, Mabel Bratton, Norma A. Rossi, Anna E. Christensen, Irene Mellicham, Minna E. K. Hauss, Hazel M. Long, Myra L. Hooper.

## Memory of Mitchell Honored by Miners

CLEVELAND, O., Sept. 12.—In respect to the memory of John Mitchell, former miners' leader, the United Mine Workers of America convention here took a recess today.

## Jack London a Prophet, Asserts Prof. H. M. Bland

Jack London was a prophet, foreshadowing among other things modern trench warfare and machine gun battles, according to Prof. Henry Meade Bland in next Sunday's TRIBUNE.

Prof. Bland writes a fascinating review of the life of the great Oakland novelist, telling for the first time his method of literary work, his system of manuscripts and his hours of application to his labors.

The article is profusely illustrated with numerous pictures of the novelist in his study, on his farm and elsewhere, and with views of the ruins of Glen Ellen, his former home in Oakland, the "Snark," his favorite pet, etc.

Read it in The TRIBUNE magazine, Sunday, September 14, together with a page and a half of London's great novel, the last he wrote, "Heart of Three."

## Six Officers Await Civil Service Verdict

Six Oakland police officers today are awaiting the announcement that will decide whether they are to be eligible for lieutenant's ratings in the future, as the result of the examinations held by the civil service board to create a new lieutenant's eligible list. From the list men will be assigned in future to acting rank or permanent rank, in temporary or permanent vacancies. The officers taking the examinations were Sergeant James Walters, J. H. Thornbury, Charles Hemphill, Frank Ahearn, Joseph Havens and C. E. Brock.

Several sergeants of police have filed applications for permission to take examination for inspectorships. It is stated by members of the board that this will probably be allowed.

## PROMOTER FRENCH IN CHICAGO JAIL

Accused of attempting fraudulent practices in connection with the promotion of an electric railway from Chicago to Indianapolis, C. W. French, known on the Pacific coast in connection with an attempt to float a \$100,000,000 steel company and other corporations, is in jail in Chicago, along with seven associates.

The grand jury is today hearing evidence in the matter. A number of witnesses have been called from different parts of the country, including Walter and Charles Stevens, who recently sold their interest in the Moineau Power Company, and who are said to have been slated by the promoters for a \$2,000,000 touch in the interest of the railway scheme.

French undertook shortly after the 1906 fire in San Francisco to promote his steel corporation, but made little headway. He was arrested in San Jose in 1908 and charged with attempting to secure money by false representations, and later in Los Angeles, while he was traveling about in his private car, he was charged with defrauding a Salt Lake hotel by the use of worthless drafts. He countered with a suit for \$100,000 damages, after securing his release on habeas corpus. He claimed that he was being persecuted by the United States Steel corporation, which opposed his activities in attempting to organize a rival company.

## RESTORES VITALITY

Gives Strength to the Nervous Weak and Run-Down.

Pepsitron is both medicine and food for the blood and nerves. It is in full accord with advanced science as to the proper treatment of anemic and neurasthenic conditions, in which the need of more and better nourishment is so apparent. It combines iron and manganese with nux, coler, yeast and other tonics and digestives. It supplies the deficiency of red blood corpuscles in anemia, repairs waste of nerve tissue in nervousness, gives color and stamina, and restores vitality. "Pepsitron has done me great good," writes R. H. Rittenburg, Tivoli, N. Y. Made by C. I. Hood Co., Lowell, Mass.—Advertisement.

# REBELS CLOSE IN ON CAPITAL OF SALVADOR

SAN SALVADOR, Republic of Salvador, Thursday, Sept. 11.—Honduran revolutionary forces appear to be closing in on Tegucigalpa, the capital, from the west and south, according to an official statement from revolutionary headquarters received here. The rebels have also been successful in the northern part of the country.

The statement says that the cities of Santa Barbara and Yucatan, towns in the State of Intero, have been taken by the rebels, who are within forty miles of Tegucigalpa.

Further north the city of San Pedro has been taken, the statement says, and the rest of government forces toward Puerto Cortes, La Ceiba and Trujillo has been cut off. Various encounters at other points between the government troops and the revolutionary forces are reported.

## Von Brincken Fights Against Deportation

SAN FRANCISCO, Sept. 12.—William von Brincken is in the thick of his fight to avoid deportation to Germany according to reports received here from McNeil island by his attorney, Henry M. Owens.

Commissioner of Immigration Henry M. White has begun the examination which will be conducted at great length to determine the fate of the former military attaché of the German consulate at San Francisco when he completes his prison term in December.

Owens said that he had advised his client to answer all questions freely. If returned to Germany, von Brincken will be shot as a traitor, Owens declared.

## Eastbay Water Rate Hearing Postponed

SAN FRANCISCO, Sept. 12.—The state railroad commission today postponed until next Tuesday a hearing which it is conducting into an application for an increase of rates filed by the Eastbay Water company. The continuance was granted in order that the company and the representatives of Eastbay communities who are opposing the petition can prepare further statistics for submission to the commission.

When the hearing is resumed the problem of adequate fire protection will be taken under consideration.

## Petersen Hearing Is Nearing Close Reilly's Charges Are Contradicted

Today will probably see the final charges against Walter J. Petersen, who plans to present only a few more witnesses in the hearing, which was called following Reilly's accusation that Petersen, in 1916, had instructed his policemen, while chief, not to molest lotteries.

Ten policemen were on the stand in the hearing yesterday. They testified that Petersen had issued no such instructions at any time; that he had ordered them to suppress lotteries at all times and to report and suppress any new ones planning to open.

Former Corporal of Police Herman Rumetsch, temporarily retired after being wounded on duty, was the star witness of the afternoon. He told of having informed Petersen regarding new lotteries planning to open in his district, and said that Petersen instructed him to keep such places closed.

WOULD CLOSE THEM ALL.

"There are enough lotteries and too many lotteries and if I had my way there would be no more," Petersen is reported by the corporal as having said. City Attorney H. L. Hogan, in questioning Rumetsch as to the probable meaning of this, elicited the statement that Rumetsch was approached by influential persons, who informed him that he would be moved off his beat and perhaps "broken" if he did not leave the new lotteries alone. On instructions from Petersen, he said, he had kept the places closed, and was removed from office by Commissioner F. J. Jackson on charges of failing to perform his duty. He was exonerated by the civil service board a week later, he said.

Petersen told me to clean up; to clean up till they could eat off the sidewalk streets," the former corporal said. "Before that it seemed to be an unwritten law that we raid the lotteries all the time to collect the fines; I know the papers at the time said something about a \$65,000 shortage in the budget to be taken care of. They used to hold set raids, send in a 'stoolie' to get tickets, then get warrants and on certain times stage raids. When Petersen became chief he stopped that; we raided them any old time, and many of the time I grabbed one of 'em."

NO FAVORITE HOUSES.

Hogan asked if there was not a favored house.

"Not with me—and the chief told me to stay with it," said Rumetsch. "This one place that wanted to open was to have been favored. I guess the owner told me I or no other man was big enough to keep him closed; that he'd open or I'd be moved. Others, politicians and such people tipped me off that I was making trouble for myself by obeying the chief, but he told me to stick and I did."

"Sometimes," the ex-corporal

## VETERANS WILL HONOR ROOSEVELT

Active participation in the public reception to be tendered Colonel Theodore Roosevelt Jr. upon his arrival in San Francisco next Monday is being planned by members of the American Legion in Oakland, Alameda and Berkeley. Delegations from the lastby cities will join representatives of the San Francisco post of the American Legion and the citizens' committee, appointed by Mayor Rolph to welcome the distinguished visitor.

Colonel Roosevelt will be the principal speaker at an Americanism rally in the San Francisco Civic Auditorium next Monday night, to be conducted by the American Legion. The committee named by the Oakland post of the American Legion is as follows: Donald McClure, A. W. Chase, Walter Blumert, Leonard Teter and Harry W. Hartman.

Berkeley will be represented on the reception committee by Arthur R. Ahlstrom, Edwin T. Blake, David J. Connelly, L. H. Bannister, T. F. O'Neil, J. J. Dunn, Joe Phillips and C. A. Turner.

It is said that many of these were issued and that all commissioners always issued them.

## U-88, U. S. WAR TROPHY NOW IS IN S. F. BAY

Sailing the Stars and Stripes, the former German submarine, U-88 lay off Goat Island today, the first war trophy to enter the bay. Under command of Captain C. J. Nielsen, with a crew of 23 men, the craft came here from Harwich, England. Sixteen merchant ships and transports were among the accredited victims of the U-88 before its surrender.

The vessel left its base at Zeebrugge in June, 1918, and operated off Plamborough head and the coast of northern France with other submarines. It was surrendered by Germany at the signing of the armistice and went to Harwich, whence, with two other submarines, now at New York undergoing repairs, it sailed for this country.

H. O. J. BOOKKEEPING TAUGHT.

"Learn how to keep tabs on the R. C. L." That is the advice that goes with a course on household bookkeeping opened at the Oakland Continuation high school, Twelfth and Jefferson streets, in connection with the regular commercial classes. The afternoon section meets from 2:50 to 5:05 on week days and instruction is free to all adults.

## LAST RITES HELD FOR FATHER BYRNE

With the highest dignitaries of the Catholic church officiating and an escort of 50 Boy Scouts in attendants, the funeral of Father Joseph P. Byrne took place this morning from St. Columba's Catholic church, of which he has been priest for the past six years.

Archbishop Edward J. Hanna presided at the solemn services, which were marked by a mass of requiem, with Father Edward P. Dempsey as celebrant; Father Joseph Gleason, Palo Alto, deacon; Father Bernard McElmoun, Livermore, sub-deacon; Father Joseph McQuade, San Francisco, master of ceremonies.

The priests who assembled to pay the last respects, were all school friends or life-long acquaintances of Father Byrne, who was ordained in San Francisco in 1902 and assigned to St. Mary's Cathedral. Born in San Francisco he received his education in Sacred Heart and Santa Clara colleges before entering St. Mary's College in Baltimore.

The presence of the corps of Boy Scouts was accounted for as it was this summer when Father Byrne superintended and managed the camp in Marin county for the lads that

## U. S. LAND FLEET ARRIVAL SEEN IN KINEMA FILM

The arrival of the United States army motor convoy in Oakland and the parade down Broadway was filmed by The TRIBUNE-Kinema movie man and is being shown at the Kinema today. The motor convoy was the largest ever used in the world and traveled from Washington, D. C. to the Pacific coast.

The TRIBUNE-Kinema camera man also caught every incident of the visit of Secretary Josephus Daniels and his party in the Eastbay cities. The vast crowd that packed the Greek Theater to hear him speak, the trip of inspection to the proposed naval base in Alameda, and the arrival of the distinguished guests at the luncheon given by the Chamber of Commerce at the Hotel Oakland are also shown in the picture.

The events prepared for the entertainment of the men in the fleet were also photographed, including the water sports on Lake Merritt, the street dancing and the serving of lunches for the kobs.

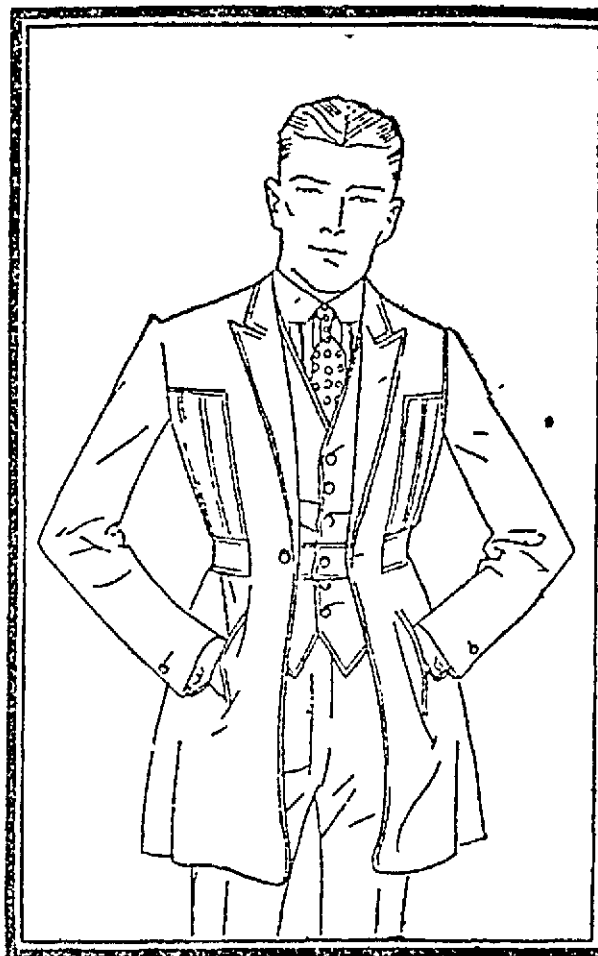

The heart trouble from which his death resulted had its inception. He appointed himself cook for the Scouts and directed their sports. Father Byrne died in Providence hospital on Tuesday. Interment was in Holy Cross cemetery.

## SUGAR FAMINE IS NEAR END, BELIEF

That the end of the sugar "famine" is in sight formed the opinion today of wholesalers and retailers, when it became known that canners had stopped their orders for the sweet staple. The unusually heavy canning season has had a vital effect upon sugar quotations and supplies, retailers feeling impelled to sell large stocks to that trade because of its nature.

Local bakers have felt the pinch. Many of them have come to the end of their sugar resources and are compelled to purchase the sweetening in small lots from retail establishments.

If the cane sugar supply now remaining here may be utilized carefully until the new beet sugar crop is harvested and refined local grocers feel that the crisis will be met successfully, according to E. S. Hogan, secretary to the Alameda County Retail Grocers' Association. It is felt that thousands of housewives, sensing the coming shortage, bought heavily from their grocers.

## COMFORT

THE DESIRE OF A MAN TO FEEL AT EASE IN A NEW JACKET WAS TAKEN INTO CONSIDERATION BY THE FASHION PARK DESIGNING ROOMS IN DEVELOPING THE COPY-RIGHTED BI-SWING SLEEVE FEATURE, EASY SHOULDERS AND COMFORTABLE POCKETS OF THE MODEL SKETCHED. IN EXECUTING THE TROUSERS, A MILITARY TYPE OF POCKET WAS APPLIED AND ALSO A BELT OF SELF MATERIAL.

## CANADA VOTES APPROVAL OF PEACE TREATY

BY INTERNATIONAL NEWS SERVICE  
LEASSED WIRE TO TRIBUNE

OTTAWA, Ont., Sept. 12.—The Canadian parliament at an early hour today passed unanimously a resolution approving ratification of the peace treaty.

The Hon. S. Fielding moved on behalf of the liberals a resolution that the League of Nations should not interfere with the authority of the Canadian parliament over the Canadian army. The resolution was defeated, 102 to 74, and the liberals then voted for the resolution ratifying the treaty.

UNION OF SOUTH AFRICA RATIFIES PEACE PACT.  
LEASSED WIRE TO TRIBUNE

CAPETOWN, Sept. 12.—The national assembly of the Union of South Africa ratified the peace treaty today by a vote of 54 to 19.

General Smuts, in defending President Wilson against charges of bad faith in connection with his fourteen points, declared Wilson had done more than any other statesman toward the restoration of world peace.

## Musicians' Strike at Portland Ended

PORTLAND, Ore., Sept. 12.—After a conference lasting until early today, striking musicians and managers of the moving picture houses of the city reached an agreement terminating the strike and adjusting differences as to the number of musicians to be employed in the picture houses.

Instead of seventy-one men, the strikers agreed to an employment of twenty-five in the larger houses. The musicians will return to work tomorrow. The contract signed between the union men and the managers will hold for one year.

## Wilson Hits Provincial Statesmen Makes Treaty Plea in Montana

HELENA, Sept. 12.—President Wilson made two speeches in Montana yesterday. In his address at Helena last night he said in part: "I like to come out and feel once more the thing that is the only real thing in public affairs, that is the great movement of public opinion in the United States, and I want to put the case very simply to you tonight, for with all its complexities, with all its many aspects, it is a very simple question when you get to the heart of it. That question is nothing more or less than this, shall the great sacrifice that we made in this war be in vain, shall it not? I want to say to you very solemnly that notwithstanding the splendid achievement of our soldiers on the other side of the sea, whom I won't stoop to say they saved the world, notwithstanding the noble things they did, their task is only half done, and it remains for us to complete it."

PROVINCIAL STATESMEN.  
I want to explain to you, I want to explain to you why, if we left the thing where it is and did not carry out the program of the treaty of peace in all its fullness, men like these would have to die to do the work over again and convince provincial statesmen that the world is one, and that only an organization of the world can save the young men of the world.

As I think upon this theme there is a picture very distinctly in my mind. On last Memorial day I stood in an American cemetery in France, just outside Paris, on the slopes of the Surmesnes. The hill slopes to a little plain. When I went out there all the slope of the hill was covered with men in the American uniform, standing; but rising tier on tier as if on a great witness stand.

They seemed to want to be thrown together on that day and in that little spot with the hearts of the world, and I took occasion to say that day that those who stood in the way of completing the task those men had died for would some day look back upon it as those have looked back upon the days when they tried to divide this Union and prevent it from being a single nation, united in a single form of liberty.

UNION OF THE WORLD.  
For the completion of the work of these men is this: that the thing that they fought to stop

shall never be attempted again. I call to your minds that we did not go into this war willingly. I was in a position to know. In the province of God the leadership of this nation was entrusted to me during those early years of the war when we were not in it. I was aware through many subtle channels of the movement of opinion in this country and I know that the thing that this country chiefly desired—that you out here in the West chiefly desired; the thing that, of course, every living woman had at her heart—was that we should stop out of the war. I remember not once, but often, sitting at the Cabinet table in Washington and I asked my colleagues what their impressions were of the opinion of the country before we went into the war, and I remember one day one of my colleagues said to me: "Mr. President, I think the people of the country would like to fight this war, and do what you suggest." But I said, "That is not what I am waiting for; if they can't go in with a whoop there is no use going in at all. I don't want them to wait on me; I am waiting on them. I want to know what the conscience of this country is saying. I want to know what side is prevailing in the minds of the people of this country with regard to this war situation."

When I thought I heard this voice, it was that I proposed to the congress of the United States that we should include ourselves in the challenge that Germany was giving to mankind.

PLEAS FOR JUSTIFICATION.  
Very well then, it stands to reason if we would permit anything of that sort to happen again, we are recreant to the men we sent across the water to fight this war; we are deliberately guilty then of preparing a situation which will inevitably lead to what—what shall I call it?—the final war? Alas, my fellow citizens, it might be the final war, though I pray only the temporary arrest, or civilization itself.

America has, if I may take the liberty of saying so, a greater interest in the prevention of that war than any other nation. America is less exhausted by war—she is not exhausted at all—America has paid for the war that has gone by less heavily in proportion to her wealth than other nations. America still has capital—capital

## U. S. BEGINS TO FILL FOOD ORDERS

Army officers at Fort Mason announced today that they had begun to fill orders for surplus army food placed through the Oakland post-office more than three weeks ago.

Despairing in their hope that a full allotment of the various articles, for which orders were taken, would roll in from the East soon, the officials today started with the goods they have on hand. Orders are being filled in the rotation received, no matter from what city.

The first shipment probably will be ready to be sent to Oakland tomorrow, it was announced. This probably will mean that delivery will be begun Monday from the Defenders' Recreation club. Thirtieth and Harrison streets, Oakland. A tent erected on the club's grounds for the purpose two weeks ago was taken down this week, but Postmaster Joseph J. Rosborough said it will be re-erected as soon as the food is here.

Only 40 per cent of the articles for which orders were taken have reached Fort Mason, officials there said.

Several carloads have been received in the last few days, but they were repetitions of other shipments and did not help to fill up the gaps.

When orders were first taken it was said that they probably would be filled in two or three days. Transportation difficulties, however, blamed for the failure to get the allotment through earlier, but with the receipt of "repeat" orders on articles already in hand, while others have not shown up at all, other causes have been suggested.

Mix-ups at the army depots from which shipments have been made has been given a possible reason. Another suggestion was that the prospective difficulties with Mexico held up the distribution of the food. Approximately \$10,000 worth of orders were placed through the Oakland postoffice.

According to the army officers, some of the articles not yet received are among the most common ones, for which the heaviest orders were given.

enough for its own industries and for the industries of the other countries that have to build their industries anew; and the next war would have to be paid for in American blood and American money.

NATION HAS MUCH AT STAKE.  
The nation, of all nations, that is most interested to prevent the recurrence of what has already happened is the nation which would assuredly have to bear the brunt of this great catastrophe, either have to bear it or stop where you are. Who is going to take care of the growth of this nation? Who is going to shape the accumulation of physical power of this nation, if you choose to put it in that form? Who is going to reduce the natural resources of this country? Who is going to change the circumstances that we largely feed the rest of the world? Who is going to change the circumstances that many of our resources are unique and indispensable? America is going to grow more and more powerful, and the more powerful she is, the more inevitable it is that she should be entrusted with the peace of the world.

## PERSHING TELLS LEGION TO STAY OUT OF POLITICS

NEW YORK, Sept. 12.—General Pershing's last word to 8,000 of the men who had helped him mop up the German army was an appeal to "let politics alone." His remarks were made during an address at Madison Square Garden, where he was the guest of the American Legion.

"I should deplore the thought that the American Legion might become a tool in the hands of political aspirants," he said. "I am glad to give encouragement to the American Legion as long as it stands for sturdy Americanism, as long as it keeps its skirts free of petty politics."

"We demand a foreign policy that will punish as murder the wanton killing of men, women and babies, whether it occurs on the high seas or on the banks of the Elbe; a policy that will demand respect for the Stars and Stripes."

## SUBSTITUTE FOR STRIKES URGED

NEW YORK, Sept. 12.—(United Press)—Organized labor must find means of redressing wrongs other than by strikes of state, city or national employees, according to Matthew Woll, vice-president of the American Federation of Labor.

Speaking at a meeting of the National Civic Federation, Woll asserted the labor federation granted charters to unions of policemen and firemen with the understanding that they would not resort to strikes. Referring to the Boston police strike, Woll said "a method of redress is open to the strikers which can be exercised collectively and which would obviate the necessity of a strike."

## Open a Charge Acct. at Cherry's

CHERRY CHARGE.  
A charge account is a great convenience—and a mark of good standing. It enables you to secure what you want when you want it, with only small payments monthly. At Cherry's you may obtain credit accommodations on the same basis as the wealthiest people in town for your credit is just as good at Cherry's whether you have one dollar or a million. 1st Week Ready-Made Suits and up.  
We also make suits to order. Free alterations between Washington and Cherry streets.

## JAPAN CORRUPTS CHINA, IS CHARGE

The bribery of Chinese officials by Japanese and the filling of China with drugs containing morphine and cocaine by Japanese drugists with the assistance of their government is charged by representatives of eighty Chinese students who arrived in San Francisco yesterday on the Pacific Mail liner Colombia.

C. S. Kwei, secretary of the Chinese National Students' Federation, is authority for the statements that the Chinese boycott of Japanese goods has not failed despite Japan's attempt to convince the world otherwise. Vessels from Japan reach Shanghai with practically no cargoes, he claims, although Japanese have put additional lines on the run and exports of Chinese cotton and agricultural products have gone on.

In an endeavor to mislead the Chinese, Kwei asserts Japanese are labeling their products with British, American and Chinese brands.

In the hope of stimulating trade, C. T. Robinson Chen and Yu-sheng Huang declare that Japanese goods are being offered at less than current prices in the organization of the China-Japan Friendship Society they claim they offer the fact that the members are Japanese only.

Peaceable Chinese students acting within their rights of protesting during the student meetings in Peking, according to the stories of the men who will enter the various universities in the United States.

## \$263,000,000 IS BALANCE DUE U. S. BY FRANCE

WASHINGTON, Sept. 12.—A balance of \$263,000,000 is due the United States from France as a result of co-operative war activities. It includes railroad equipment bought by the French since the armistice.

A final settlement is expected early in October.

## Detectives Locate Missing Youngster

Frank G. Perry, 13-year-old boy who disappeared from his home at 679 Twenty-eighth street August 30, was located today with relatives at Merced. It was announced by the detective firm of John H. Miller. The mother, Mrs. M. Perry, reported her boy's disappearance and put detectives on the search.

TECH. HIGH SOCIAL CENTER.  
The library of the Technical high school is open evenings now and fast developing into a community center, according to the report given by Miss Evelyn Steele at the last meeting of the evening school. Many residents of the neighborhood avail themselves of the reading room privileges, she said.

Japanese agents openly connived with the Chinese military police for the arrest of the protestants during the student meetings in Peking, according to the stories of the men who will enter the various universities in the United States.

## CAPITAL GREET PERSHING TODAY

WASHINGTON, Sept. 12.—General Pershing will arrive in Washington today—the anniversary of the beginning of the great World War, America's first big fight in the war.

General Pershing's special train, after a stop of several hours in Philadelphia en route from New York, is to arrive in the capital at four o'clock. Vice-President Marshall, acting for President Wilson, Secretary Baker, members of the cabinet, the congressional committee of welcome and many government officials will greet the expeditionary commander.

General Pershing, it was expected, will not report formally at the War Department until tomorrow.

Before boarding the train General Pershing said: "I am going to offer the beautiful flags presented to me by Commissioner Wanamaker, on behalf of the citizens of New York, to the great metropolis and ask that they be placed on display in the rotunda of the City Hall or some other appropriate place to symbolize our victory."

The House passed a special resolution yesterday setting 2 p. m., September 13, as the time for the joint session of Congress to receive General Pershing. A sword of honor will be presented.

## GOOD HEALTH DEFEATS MOB DANGER: REED

Provision for the best medical care possible for all the people, Thomas H. Reed, professor of municipal government in the University of California, designated as the best guarantee against mob violence and terror, in the interests of the Alameda County Public Health center in Ye Liberty theater yesterday.

Some minds cannot exist in diseased bodies, he argued, in speaking before the women who will carry on the campaign to raise a pro rata of the \$200,000 which is required for the purchase of a site, building and equipment of the institution, which is planned as the clearing house for all medical, welfare and relief organizations within the county.

Dr. Daniel Crosby, health officer of Oakland, who was a second speaker in declaring that fifteen deaths from influenza-pneumonia had resulted within the county in the past ten days, urged the speedy organization of the health center as a health protection to citizens of every class.

**PINK TEAS GO ON**  
"Women everywhere agree that the Public Health center plan is a wonderful one," said Dr. Crosby, "and show their interest by going on uninterrupted with their bridge and tea, forgetting that there were times last year when care that could be paid for could not be obtained, and that such times may come again."

Headquarters in Plymouth Center, for a Baby Clinic have been opened until such time as the Public Health center has accommodations to take over the work, according to the announcement of Rev. Charles L. Kloss, pastor of Plymouth Congregational church.

A luncheon which will rally all the working forces on the eve of the opening of the big drive for \$200,000, which will be carried on through the week of September 22, has been announced at Hotel Oakland for Friday, September 19.

**COMMITTEES APPOINTED**  
The following campaign committee chairmen have been appointed: Executive committee, William Cavalier, chairman; publicity committee, Joseph R. Knowland, W. W. Chapin and Edward Vandewater; four-minute men, Dave Oliphant, public service corporations, Frank Leach; manufacturers, Howard Baxter; Women's Army, Mrs. Maude Lane Anderson; banks, Walter Lelmer; doctors, William H. Strickman; dentists, Dr. J. Camp Dean; schools, Fred M. Hunter; University of California, Dr. Robert Legge; women's clubs, Mrs. Thomas Mitchell; Potter; Chamber of Commerce, H. C. Capwell; Rotary club, Herman Johnson; Lions club, Frank Rittigstein; county officials, Ezra Decoto; city officials, Preston Higgins; manufacturers' committee, Leslie Oliver; churches, William Nat Friend; fraternal organizations, Max Horwinski; business men, Ben H. Shapiro; lawyers, M. C. Chapman; Horatio Bonestell, women's committee.

**Police in Airplane**  
**Raid Gambling Den**  
NAPLES, Sept. 12.—Police in an airplane swooped down upon a gambling palace on the island of Capri, at the entrance of the bay of Naples, today and arrested the proprietor and a number of persons who were playing at the tables. Much money and gaming materials were seized.

**"FLU" CASES IN CHICAGO.**  
CHICAGO, Sept. 12.—One death and nineteen cases of influenza have been recorded by the city health department in the last eight days. It was announced by health Commissioner Robertson today.

## Fights in Auditorium Are Opposed Soderberg Asks Lease Revocation

Revocation of the contract for rental of the Municipal Auditorium for prize-fighting exhibitions passed through the council by a resolution of intention, and to be finally voted on in thirty days, is the declaration of war by Commissioner of Public Works Fred Soderberg against a plan, now under way, to wage a recall campaign against him, according to his announcement, following the council action.

Soderberg holds that the rumored recall agitation is the work of factions headed by G. M. Glendon, the promoter of the fistie exhibitions at the Auditorium.

"Glendon is the man financing the fights, and also the recall against me," said Soderberg. "When the mayor said he had private reasons for voting against the revocation of the fight contract he admitted that he, a public official, had private reasons in sustaining him in a public matter. It was Glendon who attempted to get the municipal dredger for the Moore shipyards, backed by the mayor, and I opposed it. That is why I am to be made the target in this recall agitation."

**RENTS HELD INSUFFICIENT**  
Soderberg made the recommendation that the fight contracts be discontinued in a letter to the council, holding that the rent paid was not sufficient, in view of the profits made by the exhibitions, and attacking the method of handling the affairs. His letter follows:

To the Honorable City Council, Oakland, California.  
Gentlemen:  
Re: Shipbuilders' Athletic Association, rental contract.

I inclose herewith for your consideration a resolution expressing the intention of the City of Oakland to terminate the rental agreement between the City of Oakland and the Shipbuilders' Athletic Organization for the use of the arena of the Municipal Auditorium.

I am bringing the matter to your attention at this time, by reason of the terms of the agreement. It requires the city to furnish the Auditorium arena to the association for four nights a month, at a monthly rental of \$200, for the purpose of holding dances, entertainments and athletic events, including boxing, wrestling, tug-of-war, etc., and contains the further proviso that all of the events shall be for the purpose of encouraging friendly competition and arousing patriotism.

It is to be noted that the term of rental is not limited, or for any specified period. The rental of the Auditorium arena should be not less than \$175 per evening, as the members of the council have determined. Accordingly, the rental specified is at the present time absurdly low. It is my opinion that if the members of this council believe that the so-called athletic events should be continued, a new contract on a proper rental basis should be entered into for the protection of the city.

I am of the further belief that the so-called athletic events now being carried on by the association have degenerated into disgraceful and improper slugging exhibitions of such character that scarcely a night passes without one or more of the contestants being hammered into insensibility or "knocked out," to use the words of the ring-side.

In my judgment this is not a proper business for the city to engage in or to permit to be carried on under its auspices in public buildings aid for by the taxpayers of the city. Nevertheless, this is a question of policy which must be determined by this council.

My recommendation is that this agreement should be terminated and that the Auditorium arena should not be rented again for the purpose of so-called boxing contests. As for the other athletic events or games, I see no objection to the use of the Auditorium for such purposes, for I believe

that every athletic game that exhibits the elements of skill or strength in friendly competition should be encouraged by this council.

Accordingly, I submit the entire matter to you for your consideration.

Yours very truly,  
FREDERICK SODERBERG,  
Commissioner of Public Works.

**RECALL MOVE RUMORED**  
A recall move against Soderberg was rumored about the city hall some time ago, but died out. Since the fight celebration these rumors have gained in strength, and there are stories of several meetings at which various persons have met and ar-

ranged for a campaign. Soderberg says he has heard these rumors, and Commissioner F. F. Morse says that he has heard reports that he might be included in the move. A change in the council personnel would give Mayor John L. Davis control. It is stated by persons about the city hall favoring the recall, Preston W. Higgins, secretary of Mayor Davis, says that he is taking no part in any recall move, but that he has heard of it. Davis says he has not taken part in any move of the kind.

**GLIDON'S STATEMENT**  
That he had been prepared for some time to give up the Auditorium contract, and that he had operated the fights simply to recoup losses incurred when the plan was first started, was the statement of Glendon today. According to Glendon the plan started to benefit the shipworkers and keep them contented, and while the affairs were being held for patriotic purposes, Glendon says, he was "out" some \$5000. He is still \$2000 loser as the result of the earlier

fights, and had hoped to make this up before he ended the fight series. "We started these fights to furnish sports for the workers when our shipyard activities began, finding that affairs of this kind did much to stimulate the men to greater activity and keep them contented," said Glendon. "Also we aided in all patriotic work. I lost \$5000, and afterward arranged a series of fights to get this back. I was preparing to give up the contract, as I am not anxious to continue fight promotion." Glendon is an official of the Moore shipyards. Soderberg says that whenever the Auditorium was turned over by Glendon's organization for patriotic purposes the rent was written off the books.

**MONEY FOR ALASKA RAILWAYS.**  
WASHINGTON, Sept. 12.—Favorable report without amendments was yesterday ordered by the Senate territories committee on a house bill appropriating \$17,000,000 additional for the completion of the Alaskan railroad.

## POSLAM ENDS SKIN SORENESS AND ERUPTIONS

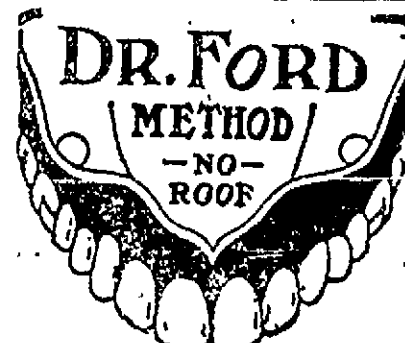

Poslam quickly and conveniently supplies the prompt relief you seek for itching skin, the active help you need to be rid of Pimples, to heal Eczema, to drive away Itches, Redness and to clear inflamed complexion.

To avoid further suffering try Poslam at once. A splendid test is to apply to a small affected skin surface at night and in the morning look to see how inflammation has subsided, how improvement already shows.

Sold everywhere. For free sample write to Emergency Laboratories, 213 West 4th St., New York City.

Urges your skin to become clearer, healthier, better by the daily use of Poslam Soap, medicated with Poslam-Advertisement.

If you saw it in The TRIBUNE, tell them so. Thank you.

# CITY WARNED 'FLU' IS AGAIN MENACE HERE

Definite steps toward checking any danger of an epidemic in influenza cases has been taken by the health department. Dr. Daniel Crosby, health officer, having had several meetings with other physicians. Additional warnings to the public have been issued by the health officer. "It is only right that the public should know the facts," said Crosby. "It is the history of all influenza epidemics that occasional flare-ups follow epidemics such as last year. In the past week we have had fifteen influenza deaths. There are a few cases on hand of an exceedingly vir-

## SCHWAB, 'BROKE', HELD 'IN HOCK' FOR HIS SHAVE

PITTSBURGH, Pa., Sept. 12.—Charles Schwab, the millionaire steel magnate, found himself "in hock" late yesterday when he could not pay a barber for a shave. "I came to town without a cent," he explained. "I forgot that I was broke when I entered the barber shop. I waited nearly half an hour before some one came in who knew me. Then I borrowed enough money to pay the barber and get out of hock."

ent type, and a large number of lighter forms in various parts of the city. While we do not look for a repetition of last year's epidemic, we do expect to be quite busy during the winter, keeping down flare-ups. Plans are being made for a campaign of rat extermination, probably by private contract, with property owners, several firms specializing in this work being in touch with Commissioner F. P. Morse at the present time.

## WATERFRONT PLAN AT BERKELEY UP

BERKELEY, Sept. 12.—Legal points involved in the framing of a waterfront lease, which will fully protect the city, are being considered by members of the Berkeley city council.

A conference was held yesterday with Rufus Jennings, successful bidder for the first lease, and his attorney, Stanley Smith. The latter was asked to submit authorities on the following two questions before further action is taken by the council: The right of the city to grant a portion of its waterfront with an option of its waterfront on successive portions contingent upon completion of work on the first; and the right of the city to leave the entire waterfront.

The right of the city to reimburse the lessee at the end of fifty years for any improvement upon the land.

## "IS GRANDEST ON EARTH," SHE SAYS

Mrs. Daley Gains Seventeen Pounds Taking Tanlac—Thought Case Was Hopeless.

"They said I couldn't live more than six months longer," said Mrs. Mary Daley of 330 Oak street, San Francisco, in conversation with a special Tanlac representative, recently, "but I'm still here and am feeling fine."

"I have actually gained seventeen pounds and a half since I began taking Tanlac," she continued, "and to look at me now no one would suppose I had been sick at all. But for several months previous to the time I got Tanlac I couldn't go my housework. I suffered from gastritis all the time, would vomit terribly, and always felt miserable. My appetite was gone and my stomach so weak that I felt nauseated most of the time. I was so nervous the least unusual noise would startle me. I could hardly sleep at all, had night sweats, and so run-down and weak that the least exertion would exhaust me completely. I lost weight and at the rate I was going down hill, I honestly believe Tanlac is the finest medicine in the world. Nothing helped me until I began taking it. Now I am just like a person made over. My appetite is just splendid and I can eat anything I want without the least trouble from it. And I don't think I have ever enjoyed sleeping so well and always get up feeling refreshed. My house has eight rooms but I can now do all the work with ease. Tanlac has certainly been a godsend to me and I feel that I would be ungrateful not to tell others about it."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores.—Advertisement.

## Nab Boys Turning in Fire Alarm 'Just Wanted to See Engine Go By'

BERKELEY, Sept. 12.—Caught while turning in an alarm from a box at Ellsworth and Stewart streets, three boys, the oldest 16 years of age, are being held by the Berkeley police today as responsible for a series of false alarms in the eastern section of the city.

"We just liked to see the engines come," declared the young culprit, when taken into custody about 9:30 o'clock last evening by Officer P. J. O'Keefe.

The names of the culprits are being withheld by the police, pending a decision of their cases at the detention home, where they are to be taken. One of the youths admitted turning in four alarms within the past few days, while the others have made similar admissions. The youngest of the trio is 13 years old. In the apprehension of the boys the police believe that they have found the persons responsible for a series of false alarms in East Berkeley. A search is being made for persons responsible for the same work in West Berkeley, where a false alarm this week resulted in injuries to three firemen.

## ORGANIZATION TO LEAGUE DECLARED 'WATCH' OFFICIALS VITAL TO WORLD

BERKELEY, Sept. 12.—Berkeley's city officials had better mind their p's and q's in the future.

For if they don't, members of the Berkeley Center of the California Olive League will get 'em.

A committee on municipal affairs, to keep a close tab on all officials elected to office will be appointed by the center in the near future.

Special delegates will be named to watch the doings of the city council, board of education, county supervisors and other municipal bodies, and will report their impressions back to the center. Members of the Oakland center will be asked to do likewise.

The appointment of the municipal affairs committee is part of a new program planned by the center to enlarge the scope of its work and to take a more active interest in local civic affairs. To allow its new work the constitution and by-laws will be revised at the next meeting. Mrs. L. E. Blochman is president of the center.

## ALAMEDA WOMAN IS BITTEN BY DOG

ALAMEDA, Sept. 12.—Miss Mary Jensen of 2142 Alameda avenue was painfully bitten by a dog at nine o'clock last night as she dismounted from a street car at Santa Clara avenue and Willow street. Three dogs were fighting as Miss Jensen passed on her way home and one of the dogs seized her right hand.

The young woman was taken to the Emergency Hospital by Harold Mountain of 2165 Santa Clara avenue, and treated by City Physician Arthur Hieronymus. The dog which bit Miss Jensen is said to be owned by a family living at 1425 Willow street. The matter has been referred to Poundmaster Grant Hicks of the police department.

## Berkeley Will Sue Big Soap Company

BERKELEY, Sept. 12.—City Attorney Frank V. Cornish was instructed by the city council this morning to bring suit against the firm of Proctor & Gamble, soap manufacturers at St. Louis, because of the non-payment by that firm of taxes on 600,000 pounds of copra in storage in this city. The taxes amount to \$1475.

The company claimed that it was exempted from payment of the tax because the copra was in transit, but is alleged by the city that it has lain here in warehouses for six months. A penalty of \$450 is also to be demanded by the city for non-payment of the tax.

## Playground Director Gets Salary Boost

BERKELEY, Sept. 12.—The city council this morning increased the salary allotted the office of playground director from \$150 to \$200 a month.

## Alamedan to Make San Francisco Home

ALAMEDA, Sept. 12.—Mr. and Mrs. T. H. Haskins and family are to make their future home in San Francisco. The family moved across the bay yesterday. Haskins is past exalted ruler of Alameda Elks lodge and is prominent in the direction of the club affairs and lodge activities. Business reasons influenced the move to the metropolis.

## Jewelry Worth \$250 is Taken by Thief

BERKELEY, Sept. 12.—Jewelry valued at more than \$250 was stolen yesterday from the home of Mrs. Nellie McGraw, 2711 Stewart street. Entrance was gained to the house during a temporary absence of members of the family between 10 a. m. and 2:30 p. m.

The articles stolen included a gold watch, various pieces of jewelry and a fur neckpiece.

## Berkeley Will Seek to Better Phone Service

BERKELEY, Sept. 12.—The city council this morning directed City Attorney Frank V. Cornish to take steps before the State Railroad Commission to secure improvement of the telephone service in this city.

Cornish already had planned to go before the commission on September 15 in regard to other matters. A resolution introduced in the council this morning by Commissioner Charles L. Heyward, directed at demand of the commission that improvement of the switchboard service at Berkeley be made at once.

## Legion Holds Social Evening at Alameda

ALAMEDA, Sept. 12.—Alameda Post of the American Legion held a social evening last night in the council chambers, following the usual weekly stated session. Miss Juliette Weinstock gave a number of dances and vocal solos were given by Miss Letty Collins and Ernest McDonald, with Ted Harris at the piano. Refreshments and impromptu program numbers completed the evening. The program was in charge of Mrs. Amy Davis and L. F. Johnson.

## Home Robbed While Family is Away

ALAMEDA, Sept. 12.—The H. D. Grant family recovered home at midnight last night from a short holiday trip out of town to find their house at 1515 Schiller street had been entered by burglars. A rear window was smashed open. Locks on doors within the house were forced open and taken from their hinges.

PALMABLE, INSPIRING AND SATISFYING IS MILLER'S QUALITY ICE CREAM. TRY IT.—Adv.

## Park Plan is Discussed by Civic League

BERKELEY, Sept. 12.—Pleas both for and against the acquisition of three acres of additional land for Live Oak Park in North Berkeley were heard yesterday by the members of the Berkeley Center of the California Olive League, at a meeting held in Unity hall.

Professor John W. Gregg, president of the park commission, declared that New York would give billions for an opportunity such as Berkeley has now of acquiring a "breathing space" for its residents. Live Oak park at the present time, the professor declared, was used not only by residents of Berkeley for recreation purposes, but by visitors from Richmond, Albany, Oakland, Livermore and surrounding cities.

"It is a natural park, beautiful in its present state and without the necessity of spending large sums of money for improvements," he said.

"The acquisition of the proposed addition, he said, would give the park an area of approximately six and one-half acres bordering on Codomo creek."

The fact that Berkeley faces a large shortage in its budget and needs other things greater than it does parks was held by C. C. Emble as the principal reasons why the referendum election to be held next Tuesday should be carried.

"Berkeley's street department is being given \$21,000 less than last year because there is not sufficient money on hand to meet its needs," Emble declared. "Why should \$42,000 be spent for a park when our streets can't be taken care of. The \$8300 necessary for the first year's budget has been included in this year's budget and the failure or success of the election will have no effect on the taxes."

## OLD NOAH IS TO BLAME FOR ALL OUR 'DRY' LAWS

BERKELEY, Sept. 12.—That result in prohibition can be traced directly to the Biblical tradition surrounding Noah, the first user and discoverer of the effect of the juice of the grape, is the statement of Professor E. C. Robinson of the University of California.

"For if Noah had not used the juice of the grape, and used it to excess," said Professor Robinson, "the law of that day, which allowed the use of fruit juice by all men, might still hold."

"But man-made laws have succeeded the ancient rules, and as a result to prevent law crime, in the United States at least, the use of the juice of the grape."

At last the blame has been fixed: Noah started it!

## \$1.77 TAX RATE MAY BE TRIMMED

ALAMEDA, Sept. 12.—The council committee of the whole spent last night delving into the 1919 budget. City Manager C. E. Hewes said of the budget this morning:

"No definite statement regarding finance for the year can be made at this time. It may be that the \$1.77 rate required for the budget, as originally compiled, may be reduced a little. The council has about completed the budget work, but there is considerable detailed figuring to be done before the budget is finally ready to be acted upon next Tuesday night. The council may have another committee of the whole to review the budget for a few minutes in advance of the council meeting Tuesday night."

## Legion Holds Social Evening at Alameda

ALAMEDA, Sept. 12.—Alameda Post of the American Legion held a social evening last night in the council chambers, following the usual weekly stated session. Miss Juliette Weinstock gave a number of dances and vocal solos were given by Miss Letty Collins and Ernest McDonald, with Ted Harris at the piano. Refreshments and impromptu program numbers completed the evening. The program was in charge of Mrs. Amy Davis and L. F. Johnson.

## Home Robbed While Family is Away

ALAMEDA, Sept. 12.—The H. D. Grant family recovered home at midnight last night from a short holiday trip out of town to find their house at 1515 Schiller street had been entered by burglars. A rear window was smashed open. Locks on doors within the house were forced open and taken from their hinges.

## Drawn in Bath Tub

ST. LOUIS, Mo., Sept. 12.—Miss Lee Wagner, a maid at the Planters hotel, drowned in a bathtub at the hotel. She was subject to fainting spells and it is believed was overcome while taking a bath.

## Anderson's Carpet House

519-521 13th St.

THERE IS an old and true saying amongst merchants that "A stock well kept is half sold." We never realized the full truth, however, until we moved into our beautiful new store. Here we can keep, show and sell our stocks of Floor Coverings, Bedding, Office and Wicker Furniture under the right conditions. You will like our new store. It is cheerful, bright and has an air of individuality, and our stocks are the latest and best in all lines.

ANDERSON'S CARPET HOUSE, 519-521 13th St.

## FRESHIES GET IN CAMPUS SOCIETY

BERKELEY, Sept. 12.—Three thousand "freshies" at the University of California had their formal "coming out" party last night when they were welcomed into the fold of campus society at the annual freshmen rally held at the Greek theater.

Several thousand upper classmen extended greetings to the members of the 1922 class around a roaring fire, with a program of stunts and living—the evening's program. Freshmen students were victors in the annual yelling contest of which Samuel J. Hume, former campus yell leader was judge.

Farnham H. Griffiths, intimate friend of the late Professor Henry Morse Stephens, was the principal speaker of the evening, taking the place of the beloved professor who extended annual welcome to the incoming students.

## War Hero to Talk to Alameda Woodmen

ALAMEDA, Sept. 12.—The monthly social evening of Spruce Camp, No. 132, Woodmen of the World, will be held tonight in Moose Hall, on Central avenue, near Park street, Alameda. Nelson C. Welburn, holder of the Distinguished Service Cross and French War Medal, will deliver a short address on the "League of Nations as Seen by the American Doughboy." Welburn saw considerable service abroad as a member of the A. E. F. and as vice-chairman of the American Legion.

## Boy Falls While at Play; Breaks Arm

ALAMEDA, Sept. 12.—Robert Boston of 511 Central avenue, a Washington playground boy, fell from a piece of playground apparatus yesterday afternoon, breaking his right arm. The broken bone was set at the Emergency hospital by City Physician Arthur Hieronymus.

## HOWARD LEASE SLATED FOR MONDAY VOTE

The Howard harbor lease, under fire by Mayor John L. Davis, and which the city's executive threatens to invoke a referendum against, will probably be presented to the city council Monday, according to the announcement today by Commissioner of Public Works Frederick Soderberg. Authorization to complete the lease was voted by Commissioners Soderberg, F. F. Morse and W. H. Edwards, over the opposition of Davis and Commissioner William J. Baucus. The final action Monday will put the lease into effect unless the mayor, by referendum, restrains the action.

The lease provides for the rental of 400 feet of the western end of the quay wall on the estuary for a fifteen-year period, at \$150 a month, to be received 10 per cent of the city until dredging and other improvements are completed, then 50 per cent thereafter. Improvements are to revert to the city.

Davis holds that the quay wall property should not be tied up in leases, but held by the city for future municipal development. Soderberg holds that the lease will be more profitable than development by the city, in that an established business will be placed on it at once by the Howard Transportation Company, with immediate direct returns.

## POLICE RELEASE SCHOOL BOARD FROM DURANCE

If it hadn't been for the police department the Oakland board of education wouldn't have been home last night. The janitor forgot they were in the city hall.

The board held a committee meeting on the eleventh floor and it waxed late. When they prepared to depart they found that all eleven floor exits were locked and there was no janitor in the upper part of the building.

Superintendent Fred Hunter solved the problem. He telephoned downstairs to the police, then the jail elevator was lowered to the eleventh floor, taking the board members through the jail to the women's ward, thence to the regular jail elevator to the first floor and down.

Superintendent Hunter, the school board and Secretary Lloyd Barzee comprised the marooned party.

## Wine, Women, Auto Ride Cost Him \$250

ST. LOUIS, Mo., Sept. 12.—In the days of old the vale of Philista was a path of peril to strangers, but, according to Edward Hertich, of Alton, Ill., it had nothing on St. Louis.

When Edward arrived here he thought his \$250, tucked away in his pockets, would show him some of the sights. Two girls met Edward. Flo, the blonde, introduced him to May, the brunette, and the three walked into a cabaret. Drinks were ordered, and when Edward awoke the girls and \$200 of his money were gone.

Edward walked down the street. An automobile with four men in it came along. He accepted their offer of a ride. He also accepted a drink they offered him.

Later Edward awoke in an alley near Union Station, "cleaned."

## DISTRIBUTION TO PERALTA HEIRS ORDERED

Final distribution of the Ludyina Peralta Ivey estate was ordered today by Judge Lin S. Church, distributing \$239,196 and considerable real estate to a large group of heirs. Mrs. Maria A. Toler, a surviving sister, receives one-half of the estate, besides the "Ivey Homestead" in San Leandro, and other real estate.

The other one-half is distributed to six family groups, descendants of brothers and sisters of the deceased. Each member of the group participates in one-half of the one-half in proportion to the number of people there are in the group. The largest individual bequest, aside from that of Mrs. Toler, is to Eleanor Peralta Hickman, daughter of Yencenia Peralta, deceased, who receives \$25,416.63. She is a grand-daughter of the deceased.

The bequest amounts to one-fourteenth of all the property not specifically devised, plus one-ninth of the undivided portion that would have gone to Maria L. Peralta had she lived plus four-ninths of the fourth of certain real estate and plus four-ninths of \$320,982.45, the estate's total cash.

The next highest bequests are those to Mrs. Erminia Peralta, \$12,770 each, plus certain interests in the real estate.

The lowest amounts mentioned in the order are \$10.65 each to nine children of Alejandro Martinez, grandchildren of Carmen Peralta Martinez.

There are some sixty-five principal legatees mentioned in the order, members and descendants of the six family groups.

The estate was ordered distributed some weeks ago, after which the attorneys found that they had misinterpreted the law and the provisions, and the order was set aside. Subsequent to the death of Mrs. Ivey, the child of Colonel Peralta, died. It has been decided that as to the one-seventh of the estate going to this family there was in fact no will, and that the portion must go to the heirs at law, whereas in the previous distribution, which was set aside, it was provided that this portion should go to the other named legatees.

Mrs. Ivey, who was a member of the famous Peralta family, who at one time owned practically all of what is now Alameda county, died November 20, 1917, at her home in San Leandro. Her sister, Maria A. Toler, is the only surviving member of the families of the four Peralta brothers.

The total value of her estate was \$351,773.47, out of which was paid expenses of administration, reducing it to \$320,982.45.

## HUNTERS HAVE BEST OF LUCK; IN DEER QUEST

BAY POINT, Sept. 12.—Constable Ludrick, Oscar Sedain and a few other hunters of Bay Point are back from a hunting trip with two deer, eight squirrels and a few eggs.

Ben Rush, proprietor of the former Municipal bar, returned this week from a hunting trip in Shasta county, being a party of five. Four deer were killed and on one occasion Ben fell and sprained his ankle just as he ran and shot his deer. He was accompanied by a few friends from Pittsburg.

Bob Ramsay, accompanied by a few other hunters from Nichols, returned Sunday morning from Shasta county with a deer that weighed 700 pounds. This was one of the prettiest caught by local sportsmen.

## BANDITS' WOMEN WANT SOBER LIFE

LOS ANGELES, Sept. 12.—Leon Vinnie Jeffries, also known as "Babe" and Clara Martin are through with "the easiest way." They are to accompany officers from San Jose back to that city today to stand trial on charges of being implicated in the daylight robbery of a Santa Clara bank. After three days in jail here they say they have had enough of the gas life, into which they were inducted by "Shorty" Thornton and "Swede" Lalleves, hunted as the bank bandit men.

Fearfully the girls, both of whom are attractive and young, deny they planned any of the bank robberies in which their men associates are said to have been principals. They assert they do not know where the bank's gold is hidden or where their erstwhile lovers are hiding. But one thing they are certain of, if they can get out of the law's net they will forsake the white way life and stick to the narrow path.

Also they will never again have any snapshots taken. It was a beach snapshot in which the two girls were shown lovingly entwined in the arms of the alleged bank bandits that led to their arrest.

## DEPUTIES ON WAY.

SAN JOSE, Sept. 12.—Deputy Sheriffs and Mrs. Robert Thompson have been sent to Los Angeles to obtain custody of Mrs. Viola Jeffries and Miss Clara Thornton.

This action was taken by Sheriff Lyle following the receipt of an opinion by District Attorney C. C. Coulter that the women can be prosecuted for the part that they played in the robbery of the Santa Clara bank.

## Europe Eager for California Fruits

SAN JOSE, Sept. 12.—California fruits are practically without competition in Europe today, according to V. Stroykovich, Serbian Minister of Agriculture, who is in San Jose on a tour of the country gathering data to be used in the improvement of the agriculture methods of his country. Prunes have come in in Europe, he said, but the better quality of this fruit is in great demand. He predicted that apricots, when properly known, will have a demand bigger than can be filled.

## CITIZENS NAMED TO MEET WILSON

A special committee, to greet President Wilson on his arrival here, September 13, was appointed today by Mayor John L. Davis. The committee, composed of prominent citizens representing every line of endeavor and activity in Oakland, is as follows: Robert M. Fitzgerald, Mrs. T. W. Pether, Joseph J. Rostorowski, Mrs. E. L. Ormsby, Wm. D. Bunker, Dr. Aurella H. Rinehardt, Wm. J. Hayes, Mrs. H. H. Hoyt, Fred M. Houser, Mrs. Georgia Hodgman, Hon. Joseph R. Knowland, E. A. Vandeventer, John Connors, J. H. Powers, Samuel Donohue, Wm. A. Spooner, C. Hansen, B. Hendley, J. H. Lesser, Frank Barnett, Chas. A. Magee, E. L. Perry, H. C. Capwell, Mrs. Everett J. Brown, T. C. Stoddard, Jesse Robinson, Col. Ralph Faneuf, A. Quintal, W. B. Moyle, Harry C. Williams, Herman Johnson, Ralph T. Fischer, M. J. Layman, H. B. Perkins, Jas. J. Mullarky, Mrs. May Holman, Walter J. Petersen, Thos. Brotherton, John F. Mullarky, W. J. Hamilton, Walter J. Harris.

The committee will meet in the mayor's office tomorrow at 11 o'clock.

## AFTER BURGLARS WITH 2 WOMEN

SAN JOSE, Sept. 12.—A pair of house burglars who travel in a touring car with a pair of female companions are being sought by the police today on suspicion that they committed a series of robberies here. Good descriptions of the party were presented the police today by James Cole of San Pedro and St. James streets.

He stated that his mother-in-law was coming home after attending a theater and found the two men attempting to force an entrance at a window of his home. She screamed and the two men then ran down the street and jumped into a motor car in which two young women were sitting.

A number of minor burglaries have been reported by various residents during the past few days.

## Rancher is Killed in Leap From Truck

PETALUMA, Sept. 12.—Albert Erickson, a poultry rancher of Chileno valley, west of Petaluma, was killed when he jumped from an auto truck which had brought feed to his place from this city. He fell when he jumped from the moving machine, striking his head on a rock and fracturing his skull. The body has been removed to this city and an inquest is to be held. Erickson had been engaged in ranching in that section for the past eight years. He is survived by his widow.

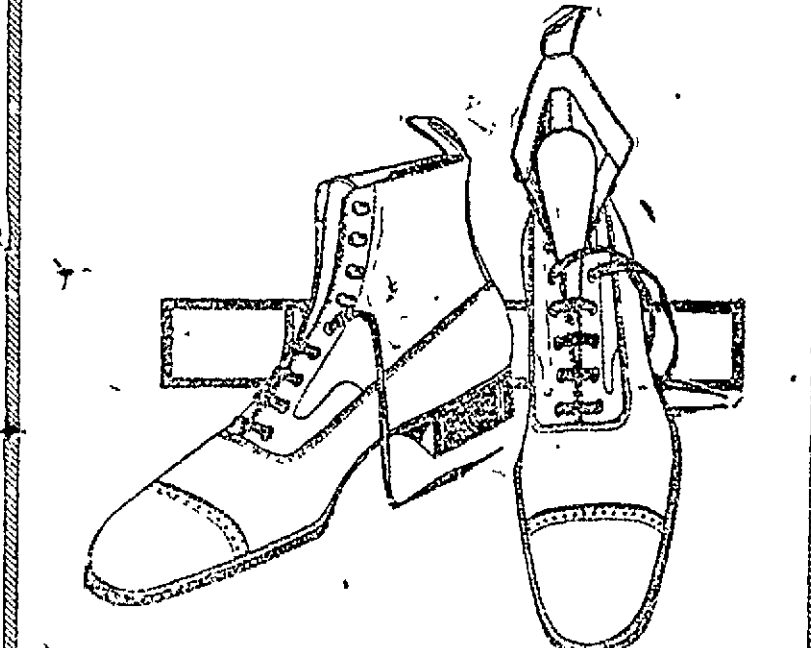

## Germany is Sending Gold Now to London

LONDON, via Montreal, Sept. 12.—It is reported today that \$4,000,000 in gold has reached London from Germany. A portion is said to be already on the way to Canada in payment for foodstuffs.

## 3 Big Specials on Men's Fall Shoes

That You Will Look Upon as the Greatest Opportunity of the Season

Sharp mark-downs that afford great savings—savings that, perhaps, would be more fully appreciated if our customers could see the prices that manufacturers are asking TODAY for SHOES.

Men's \$7.50 and \$8.00 \$5.15  
Gunmetal and Vici Kid  
Shoes, at the Special Price of

If you are in earnest about saving you will be among the first to come to this big Special tomorrow, for you can buy \$7.50 to \$8.00 shoes for \$5.15.

You can choose from English, Button or Raised Toe styles, in either Gunmetal Calf or Vici Kid, in all sizes. These shoes have full grain insoles.

## Men's Army Shoes

That Represent Savings of 20 per cent to 33 1/2 per cent on Present Market Prices.

It's an absolute fact that we could not buy these same Army Shoes today for \$4.85, and we doubt if any manufacturer could even produce them at that price. No other store in the city would ever think of selling them at this ridiculously low price, and when this lot is gone, we will have to price similar shoes considerably higher. They are made on the famous Munson last and come in brown only. Sizes are complete, so every man who comes Saturday can be fitted.

Once More, We Offer  
Our Famous Shipworker's Special.  
Tan or Elk  
Scout Shoes \$2.85

Hardly necessary to speak about the quality of these Oil-Tan and Chrome Elk Scout Shoes, for shipyard workers are too well acquainted with the unusual value that they are at the price. Remember, they come in Oak-sewed or Elk soles, in all sizes, and are specially priced at \$2.85.

## 3 WEEKS' WIFE DENIED ALIMONY

LOS ANGELES, Sept. 12.—"A woman cannot expect to have a mortgage on a man for life simply because she has been married to him for a month."

This was the opinion uttered by Judge Myers when he refused to grant pretty Mrs. Marjorie Dively temporary alimony from her husband, Fred W. Dively, whom she is suing for a divorce after having lived with him for three weeks.

Dively had just given testimony to the effect that he had been given a bad check for an automobile and as a result was paying a local bank \$75 a month to pay back for his overdraft. His income, he said, fluctuated from \$18 to \$30 a week and evidence was introduced to show that he would either have to break faith with the bank or fail to support his wife.

Mrs. Dively admitted on the stand that her husband had given her sums of money before their marriage, but she said that it was given back to him, for the most part, after the marriage. In one case she said she gave her husband \$35 to go to the Vernon Country Club and have a good time.

She denied that a reconciliation had ever been effected at San Jose, but stated that her husband had threatened to harm himself if she did not return to him. She said she told him to "go ahead" and said she would have nothing further to do with him.

"Did your wife kiss you goodbye at San Jose?" Dively was asked on the stand.

"Two or three times," he replied.

Dively declared it was all a case of "mother-in-law." He said his wife's mother urged him, after a week of married life to get a divorce, and he said he went to a local florist and bought his wife flowers.

## SEAL WINDOWS TO PREVENT DISEASE

PARIS, Sept. 12.—Inhabitants of the mountains of Montenegro live in ignorance of the most elementary rules of hygiene and the strangest superstitions concerning diseases still flourish among them, says a report of the mission of the American Red Cross, which has just returned from that country.

The mountaineers believed that physical ailments were carried on the wings of baneful breezes and that contagious diseases were distributed during dark nights by evil spirits. Thus they slept with their windows hermetically sealed and tuberculosis reigned supreme. The peasants received the advice, suggestions and medicine of the American Red Cross without enthusiasm.

One aged man, suffering from a chronic affection of the throat, insisted that it was caused by his tongue being too small. He refused to make use of the antiseptic gargle supplied by the Red Cross until a doctor told him it would make his tongue grow. He was the most surprised Montenegrin in the world when, after a few days, he was cured.

RUSSIAN POLICY IS SAME.  
LONDON, Sept. 12.—(By the Associated Press.) Winston Churchill, secretary for war, in a statement issued yesterday, denies that there has been any change in the British policy to evacuate North Russia.

Sketches:  
Navy, George, em-broidered in brilliant dragon-fly green. \$17.50

## The Blouse Shop

In addition to a most interesting collection of Overblouses of Georgette, or Knitted Silks, this shop specializes, more than any store that we know of, on blouses which are strictly inexpensive.

The best markets afford, priced in a way which only an overwhelmingly large business can stand; we offer Crepe de Chine and Georgette Blouses at \$1.95 and \$2.95.

Scarfs, Knitted Coats of Wool or Silk, Silk Petticoats, Camisoles

## Reich-Lievre —how about fifty-five dollars?

RICH AND LEE-A-YER

"Art does not represent things falsely, but truly as they appear to mankind." — Ruskin.

Pictures talk where words fail. The Reich and Lievre method of picturing ITS OWN style apparel by the pen of artists of renown is another phase of better service as rendered by this establishment. "Everywhere in California."

It's well known that most stores are buying illustrations from Eastern syndicates, just to tone up their advertising. Such illustrations, of course, do not represent their own merchandise at all.

While it is true that Reich and Lievre are spending a great deal of money for the sketching of their fashions from stock, yet this cost is spread thinly over a business which, admittedly, is the largest of its kind on the coast.

Compare before you buy.

The Test of Value Giving, like the Test of Friendship, comes but once or twice during a Lifetime. Try us now.

## FROCKS for fifty and five

Braided Tricotines, yes, fur-trimmed. Beaded Georgettes, so good that they should sell for more. Satin Dresses in black, with or without vestees; Satin Dresses draped, straight, with or without tunics. Velours Dresses, Velveteens, Charmeuse gowns. \$55.

## SUITS for fifty and five

A suggestion of "old time" suit values in fine Silver-tones, Velours, Velour Checks, Tricotines, Mannish Mixtures and all those new materials, such as Chevrone, Tinseltone, Rayoner and what not. FUR TRIMMED suits to select from, linings superlatively excellent, tailoring like "custom-made." \$55.

## COATS for fifty and five

Fifty and five will buy a GOOD coat. Our guarantee that you'll not find as good anywhere is pledged to start with Coats worth having, with linings worth while and workmanship up to the mark. Long Coats to the ankles, loose models or belted ones. Silver-tones in plenty. All colors. \$55.

### Divorcee Sues for Support of Child

SANTA CRUZ, Sept. 12.—Mrs. Rosina Fleisig, who was granted a divorce from Frank Fleisig, a leading merchant of Paso Robles, has another application, which was heard yesterday, and taken under advisement by Judge Knight. She asks for \$50 a month for the support of a child born three and a half months after the interlocutory decree was granted.

### Food Rationing Plan Adopted in England

LONDON, Sept. 12.—Plans for food rationing, modeled after the plan in force during the war, have been announced by the food controller. Meat, sugar and butter are the commodities particularly considered. All persons must register with rationers. New ration cards are to be issued to take the place of those which went out of existence last April.

## DRY LAW DEAD SEPT. 29 IS OFFICIAL TIP

O hear them horseheads' joyful cry! They're going to lift the dry law, when the hoosh will flow like amber brooks And noses fair will bloom again.

Seventeen days more! Then cheer up, ye toppers, cheer up! For the brimming bowl will brim again as of yore and noses will bloom, tra-la! And all will be happy, happy!

For, at least according to unofficial information that has reached the banks, the reign of federal war-time drought is to end on September 29. The "tip" came from banks to local dealers and collectors are instructed to have all necessary stamps ready for the exodus from bonded warehouses of John Barleycorn. Distillers, it is said, have also been told to be ready to move out stocks.

In this district there are now 1,100,000 gallons of spirits in bonded warehouses, awaiting release, according to the revenue officials.

When an automobile driven by H. Hayden, 1364 Twelfth street, was struck by a street car at Twelfth and Willow last night, Elizabeth Ven Detti, aged 13, living at 1377 Sixteenth street, received slight injuries. Hayden and the other girl in the car escaped injury, although the machine was badly damaged.

Three men were slightly injured when their automobile collided with a lamp post on a safety station in front of the municipal auditorium last night about 10 o'clock. The machine skidded into the post when the driver attempted to avoid a street car. The men, employed by the Albers Milling company, were treated at the receiving hospital for slight injuries. Their names are Fred Timke, 3316 Nineteenth street; John Jerny, 1400 Ninth street, and George Kenny, 2775 Pine street, San Francisco.

### FOUR INJURED IN 2 AUTO MISHAPS

When an automobile driven by H. Hayden, 1364 Twelfth street, was struck by a street car at Twelfth and Willow last night, Elizabeth Ven Detti, aged 13, living at 1377 Sixteenth street, received slight injuries. Hayden and the other girl in the car escaped injury, although the machine was badly damaged.

Three men were slightly injured when their automobile collided with a lamp post on a safety station in front of the municipal auditorium last night about 10 o'clock. The machine skidded into the post when the driver attempted to avoid a street car. The men, employed by the Albers Milling company, were treated at the receiving hospital for slight injuries. Their names are Fred Timke, 3316 Nineteenth street; John Jerny, 1400 Ninth street, and George Kenny, 2775 Pine street, San Francisco.

### MAIL CARRIER JOBS HARD TO FILL, SAYS P. M.

Doesn't anybody want to be a mailman? Postmaster Joseph J. Rosborough of Oakland is asking the question today. There is a shortage of clerks and carriers on the local force, and so far there have been practically no applicants to take the examination which will be held tomorrow at the postoffice in Berkeley for places on the Oakland staff. At least twelve clerks and carriers—men—are needed, said the postmaster. Applicants are asked to be at the Berkeley postoffice at 8:30 tomorrow morning. Further information can be obtained at room 2 in the Oakland postoffice.

### Drinks Poison After Family Controversy

Following a dispute with her husband, who is a chauffeur, Mrs. M. M.

### MERCIER GREETED SAILORS, MARINES

BALTIMORE, Sept. 12.—Cardinal Mercier, who is the guest of Cardinal Gibbons, had only three engagements scheduled for today. He reviewed the parade, which was the chief feature of the home coming celebration arranged for the sailors and marines of Maryland who served in the great war. Afterwards Cardinal Mercier went to St. Mary's Seminary, where he addressed the priests of the diocese. This afternoon the Belgian prelate will visit St. Charles College.

Davis, 1507 Harrison street, attempted to commit suicide last night by taking poison. She was rushed to the receiving hospital, where restorative treatment was successfully administered.

### Veterans to Launch Membership Drive

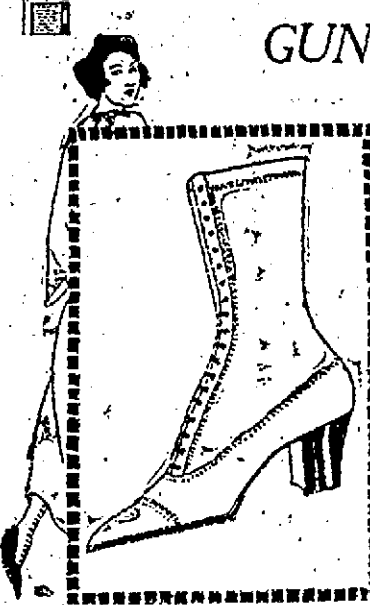

PORTERVILLE, Sept. 12.—Aided by state officers and members of the national executive committee, Porterville Post No. 2, American Legion, will inaugurate a drive to secure a 100 per cent enrollment in this district.

The move has been stimulated by announcement of the State convention to be held in San Francisco next month. Delegates will be chosen on the basis of one for each twenty-five active members of local chapters.

C. E. Palmer of Coalinga, member of the national committee, will open the drive with a public address here Friday evening.

FRIDAY, SEPTEMBER 12, 1919.

## CHARGES NOT SUSTAINED.

That the investigation conducted as a result of charges made against an employee of the school department by one Charles E. Fites, a defeated candidate for school director, result in an unanimous vote of exoneration for the department employee, Mr. Lloyd Barzee, is cause for general satisfaction. Scandals will happen in the best and most careful public administrations and it is to the high credit of the superintendent of schools and the members of the board of education that prompt action has been taken immediately upon the receipt of information of irregularities, or even what purported to be information.

The Fite charges also show how easy it is for a public employee to be placed under a shadow. Accusation which had no basis in fact, and which were demonstrably the product of conjectures, were filed and exploited with gusto. But when the school board got down to the business of sifting and weighing the charges not a particle of substantial evidence was offered in support of them. In the meantime, however, a reflection, subsequently shown to be unjustified, was cast not only upon an individual employee but upon the integrity of the school administration.

It is to be regretted that responsibility hangs so loosely upon persons charging misconduct against other persons. At some point in the development of our social order there will be a plain legal and moral requirement that those who indict and attempt to traduce others be penalized for their efforts unless honestly conceived and honestly supported by fact.

## TRAILS THAT GET COLD.

The State Department at Washington announces that the Mexican government has formally expressed its regret for the act of Carranza, soldiers in firing upon an United States army airplane over American territory at Laredo, Texas, in which the pilot was wounded, and has promised a thorough investigation of the affair with the view to making a satisfactory adjustment. We now await the announcement that the guilty Mexican soldiers and responsible officials have been properly punished.

But if precedents are a guide the period of waiting will be long. For it cannot soon be forgotten that the present administration ordered Mexico to salute the flag as reparation for an insult upon American naval vessels, and the flag was never saluted; that it sent the Pershing expedition into Mexico to get Villa and other outlaws who had burned American homes and murdered their occupants, and the expedition returned home, at a cost of \$100,000,000, empty-handed; that another expedition was sent a few weeks ago into Mexico to capture bandits who had abducted and held for ransom two American aviators, and the trail "got cold."

And while waiting for the "satisfactory" adjustment of the assault upon the airplane at Laredo, further outrages against the lives and property of American citizens may be expected. Mexico has learned that, for a certain period at least, the government at Washington does not mean what it says. It has become altogether inappropriate for Americans to speak contemptuously of the Mexican habit of "Manana."

## AUSTRIA SIGNS.

Austria has at last signed the peace treaty, and according to cabled accounts of the ceremony at Palace St. Germain, the delegates appointed to perform this inescapable duty affixed their signatures with perfect equanimity of temper. Dr. Renner, the chief Austrian plenipotentiary, is reported to have displayed marked amiability.

But Dr. Renner's smiles and studied courtesies are unimportant. The vital point is that the peace treaty now accepted by Austria carries

home to the people of Austria, or the remnant of that nation, the responsibility for the acts of its former government. The Allied commissioners dealt with Austria in the same manner they did with Germany, refusing to withdraw a single material phrase recording the moral indictment of the Hapsburg regime. They recognized, as they did regarding Germany, certain limits to reparations, but they compelled a confession of guilt and of the obligation to make amends according to ability.

There is a deal of truth in the claim of apologists for Austria that she was the tool of Germany. But certainly she was a willing tool, and displayed wantonness to pose as the fight-starting bully of Europe. At the time of this initial crime, in June, 1914, the people of Austria offered no protest against the acts of the government. Therefore the Allies have taken a wise precaution in excluding from the freedom to be permitted Austria in the future any acts looking toward union with Germany. Austria has loudly demanded the right of self-government and independence and now she must exercise that right without reference to Berlin.

## PROFESSOR FISHER'S DOLLAR.

Although the naked foolishness of Prof. Irving Fisher's idea about the "adaptable dollar" becomes more exposed each day the Yale University pamphleteer keeps up apparently untiring advocacy of it. Like so many other faddists, he now has seized upon the high cost of living problem to advance his arguments.

According to Prof. Fisher's idea the present depreciated value of the dollar could be promptly and universally restored simply by the government adding a few more grains or fractions of grains to the gold dollar. He believes that this would immediately raise the purchasing power of the gold dollar, and of every one of the twenty dollars of paper credit that is founded on each gold dollar, to the normal level and thus prevent any shifting in the price of commodities. He assumes apparently that all the gold coins in the country would at once come into possession of the government mints for recoinage every time there is a change in relative values due to the shifting standards dictated by supply and demand. Otherwise, the coins of 1918 would be of less value than the coins of 1919 or of any other year in which the quantity of gold in the dollar was increased. Or in case of a decrease in gold content of the dollar to prevent a lowering of the cost of living, the reverse would follow.

The tendency of doctrinaires to cling to a pet theory, notwithstanding that their theory may have long been demonstrated to be a fallacy, is one of the most curious perversities of the human nature. Prof. Fisher probably has not given the slightest thought to means and methods of acquiring new gold for a necessary increase in the present coinage supply and for increasing the weight of coinage already in existence. Very likely he would not be at all disturbed to realize that the business of gold production is in a very serious state and unless constructive government attention is immediately forthcoming it may be entirely destroyed.

In a statement by Mr. Eugene Davis, mining man and financial authority, published in THE TRIBUNE a few days ago, it was clearly shown that the gold miners have been pushed to the wall—some of them over the wall never to come back; and, further, that next year's demands of the industrial arts will equal the total domestic production of new gold. In forceful phrase Mr. Davis pointed to the facts that while every other industry and business had been afforded some measure of relief during the war period, the gold mining industry had been completely ignored, and that in the meantime the gold dollar as a standard measure of values had been cut in half. This has resulted in the closing down of many of the productive gold mines of the country, principally in California, and in putting up a bar to all new developments and the investment of new capital in the industry. Unless present tendencies are soon halted the gold mining industry is in danger of utter extinction.

Yet Professor Fisher of Yale speaks of additional grains of gold as if they were produced from pretty words. Instead of a fixed standard for measuring values he would make the yardstick changeable and with such an erratic instrument he would maintain the dangerous, disrupting fiction of fixed values and prices for all commodities of trade. But it would be fiction purely and that is not what is wanted.

Postmaster General Burleson denies the charges of Civil Service Commissioner Galloway that he is trying to debase the federal civil service and make a sham of the merit system. Perhaps not, but the fact that Mr. Burleson went very far in the debauching of the postal service, the telegraph and telephone systems, creates a lively presumption in favor of the truth of Mr. Galloway's charges.

University regents have approved a plan for a \$2,000,000 opera house and art center in San Francisco, but they have not yet selected a president for the university. Higher education of the young men and women of California is in much greater need of a university president than an opera house.

If that Florida hurricane made it disagreeable for any habitues of Palm Beach and other Florida resorts they might find it comfortable and safe in California.

## NOTES and COMMENT

Despatches announce a "big break" in hog prices. The big break is \$1 a hundred, or 1 cent a pound. Taking bacon at 40 cents a pound as a basis, a cent off cannot be considered a real catapulting decline.

The practice of heckling may be growing in this country. It is not an encouraging sign. It is near evidence that that respect of one American for another and mutual toleration for opinions when they are opposed is disappearing. It was a fine characteristic.

General Wood has taken issue with the War Department, which recommends a standing army of 500,000, claiming that 350,000 is a plenty. The War Department, if it can, will probably put another muzzle on the general. Baker is the head of it, which in itself would suggest that dissenters will get scant consideration.

The city hall is becoming a veritable ark. At least two personal encounters have been staged there during the week. This city has long enjoyed considerable reputation for P. R. stunts.

California has exclusive exhibits in redwood, and the move to preserve strips of these forests along its highways in the Humboldt region is commendable. Its redwood parks are all right, too, but for the most part a special visitation is necessary to enjoy them. The general tourist from his car may see these forest giants along the highway, and thus gain an impression of one of the state's important attractions that he might not otherwise.

Senator Lenroot's railroad plan is a radical modification of the Plumb plan. He declares the latter to be wholly impossible, but that continued operation as at present "will lead to bankruptcy." He proposes to take the "Interstate Commerce commission, the State commissions, business men, farmers, employees and stockholders" into the management. Stockholders are named last. Nobody seems willing to permit the owners to resume ownership.

The first proposed league reservation, "Unconditional right to withdraw from the league," is pretty sure to get a majority approval. If this country is not to be in a position to keep out of the world's broils, it wants a way open to get out.

Boston has evidently changed greatly in character since the time when it was accepted as the hub of propriety. It has afforded the first example in these later times of rioting pure and simple—of people running amuck merely to loot. Such an example might have been expected from the Woolly West rather than from the more circum-spect East.

Only about one hundred recruits were signed up from the navy while at anchor here. The glory and circumstance attending the reception were not as alluring to the adventurous and able-bodied young man as might have been thought.

Rumania has been shown the dotted line and told to "sign here." Appearances are that the allied patience has given out as to Rumania.

Spain has come to life and "suggests" that the United States withdraw its guard from Santo Domingo. It isn't primarily Spain's affair, but affords one of the very few opportunities that are occurring nowadays for that country to remind this that she still exists.

Bulgaria was invited to append its signature to the treaty today. Undoubtedly it will readily take its pen in hand, with no objection to signing anything, for written undertakings with the Balkan countries class no higher than they do with the Teutons—as mere scraps of paper. This has been fully understood by the allies, without doubt—as well as the fact that the United States would consider its signature as binding.

## SPIRIT OF THE STATE PRESS

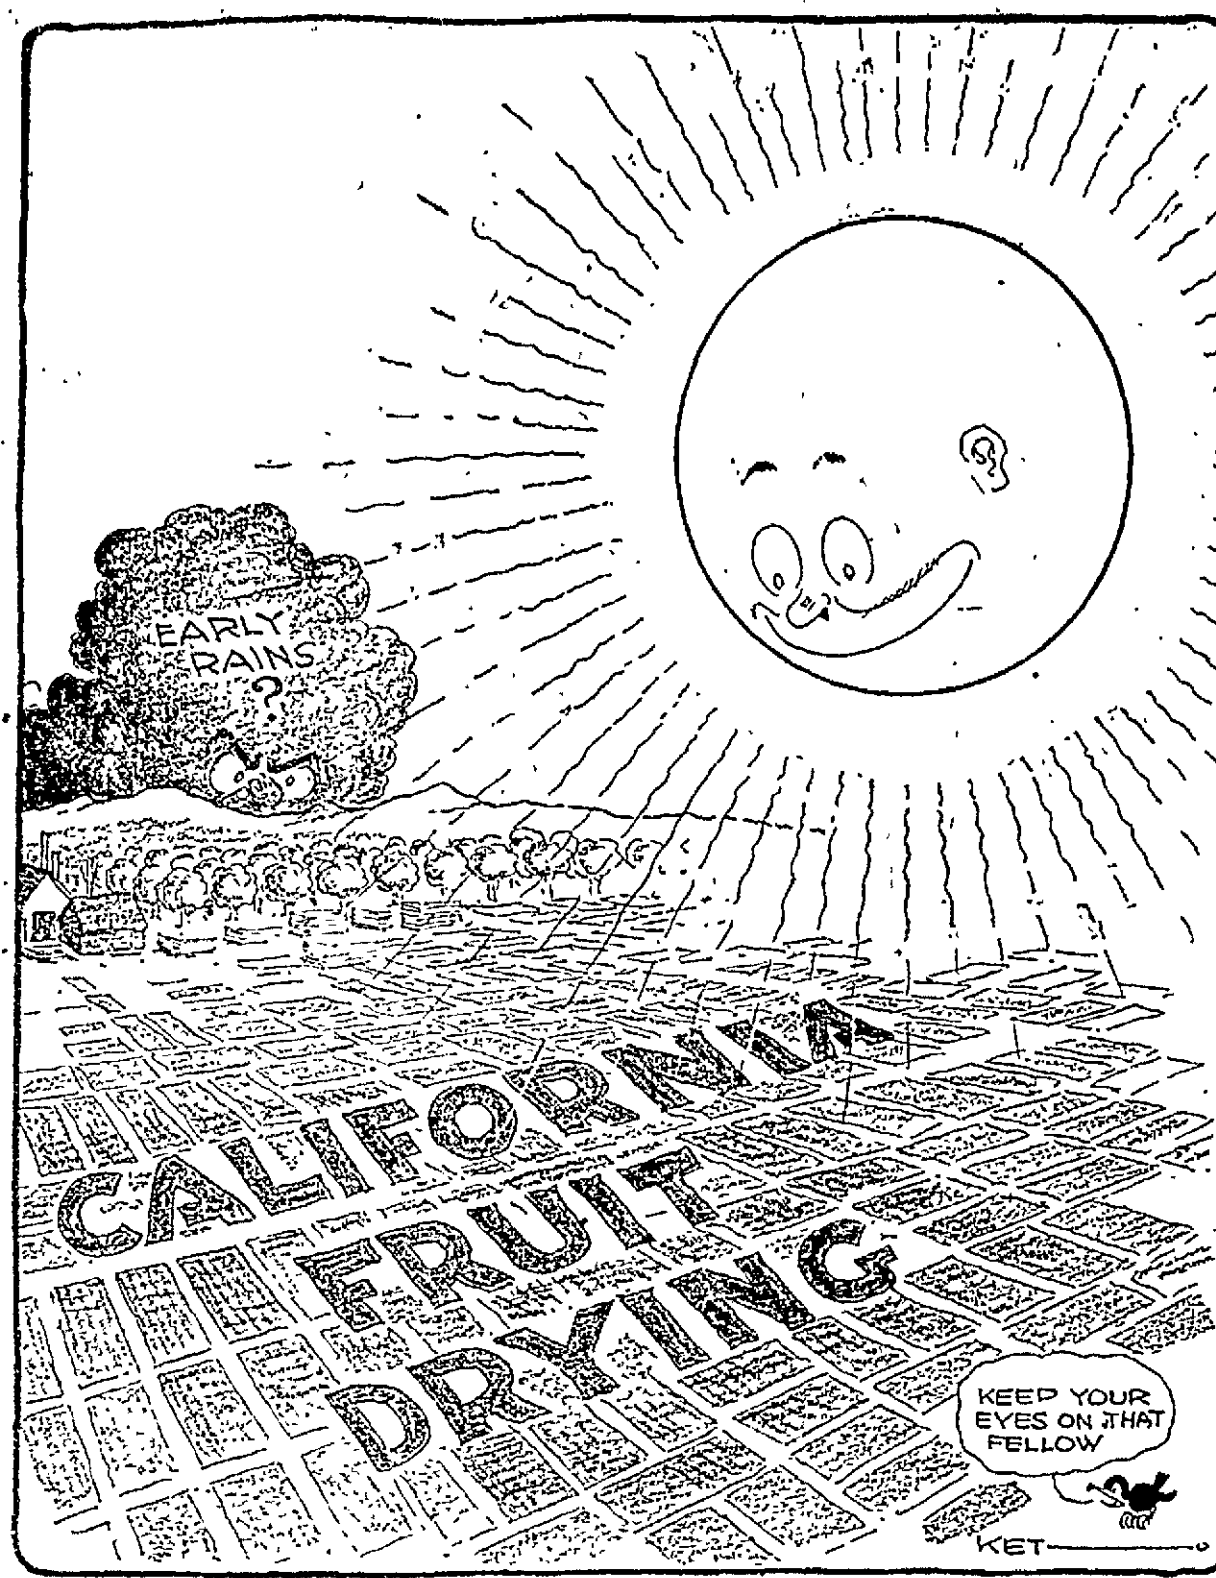

To be secretary of the navy at this moment is to be in a place to shame. And who better than Joseph Daniels could represent the administration in the big fleet's visitation to the Pacific coast? He of necessity figures prominently in every function given in honor of the navy and is happiest and at his best when busied.—Napa Register.

It is expected that many cotton growers from California and Arizona will attend the world cotton conference to be held in New Orleans in October. Problems of cotton growers and other matters will be considered.—Holtville Tribune.

Under the supervision of Mr. Field, teacher of manual training at the St. Helena High School, about twenty-five boys began making grape boxes this morning. The work is going on under the trees in the school grounds and the boys are spending all their spare time at the work, receiving two cents for every box they make. The box making is being done for Merriam & Calms and to relieve a necessity for prompt action if the grapes of this community are to be saved.—St. Helena Star.

Selling oil stock has become the principal industry in Texas now. Kern people ought to know something about the oil business, and they ought too, to be wise enough to investigate before putting any money into a distant company, no matter how alluring the prospectus. Indeed, we might add that the more alluring the literature is the more cautious the prospective investor should be.—Bakersfield Californian.

## A CLOUD ON THE HORIZON!

## What is doing TO-NIGHT.

Prof. Erik Thor Wernskjold lectures, Auditorium.  
United Artists meet.  
Father T. J. O'Connell lectures at parish hall, St. Patrick's, evening.  
D. W. Starnatt and Dr. Cooper speak, Star-Ring hall, auspices of Oakland Psychology Institute.

Lieutenant-Colonel D. P. Barrows lecture at Claremont school on "America in Siberia," 8 o'clock.  
Lectures on "Poets of Today," Greek Theater, 4 p. m.  
Ye Liberty—Tea for Three, Orpheum—Sketches Gallagher, Fulton—Come Out and See the Kitchen, Fantasy—Hello, People, Hello! Columbia—Beauty Chorus, American—Nadmoza.  
T. & D.—Mary Pickford, Edison—Bill Hart, Franklin—Ernest Washburn, Broadway—Dustin Farnum, Jorda Park—Outdoor swimming, Neptune Beach—Surf swimming, Lake Merritt—Boating.

## What is doing TO-MORROW.

Ladies' Relief market fete, city hall plaza.  
SPARROWS, JACINTHUS, JAPANESE.

In the library of the department of agriculture there is a little book which gives the date on which the original pair of English sparrows were turned loose in Brooklyn, N. Y. The book also gives the dates when they were brought to other cities, as far west as Dallas, Texas.

Not over a few score pair were ever brought over at all, and most of the city flocks in America are descended from one or two pair, because sparrows do not usually fly from city to city. They came over in the early fifties.

Australia has a similar story to tell about the jackrabbits. And America may soon have another such story to tell—about the Japanese.

In 1918 there were 4215 Japanese babies born in California. In 1906 there were only 151.

In Placer county in 1918 the Japanese births were twice the white. In Los Angeles county the Japanese birth rate has increased 3000 per cent in five years, the result of the immigration of Japanese "picture brides." In some California schools the Japanese outnumber the white children 10 to 1.

It has been figured that if the Dillingham bill, now pending, were enacted into a law, and the Japanese "allotment" of immigrants per year were adopted, the Japanese birth rate would bring the Japanese population in the United States by 1923 to 315,000, by 1933 to 512,000, by 1943 to 875,000.

To carry the thing out to its logical conclusion, in 160 years the Japanese population here would be 216,000,000.—Stockton Record.

## OUR PERIL POINTED OUT.

A Japanese journalist who has made a tour of the United States writes enlighteningly for the press of his country. From information he gained in Washington he is convinced that the United States is "soon to break up." Two or three separate countries will be formed by the "disintegration," he asserts, and the national capital will be moved to a more central part, probably the city of Mississippi. He concludes his observations with the statement that "fifty years have passed since the Civil War and the minds of the people are, consequently, in a dangerous condition."—Stockton Record.

## TODAY 20 YEARS AGO

Terry McGovern of Brooklyn defeats Paddy Palmer of England for bantamweight championship of the world in one round, dividing the \$10,000 purse with his opponent.

Andrew Carnegie in answer to rumor that he will seek a seat in the British parliament replies: "D. W. Starnatt and Dr. Cooper speak, Star-Ring hall, auspices of Oakland Psychology Institute. Get Acquainted Society gives old-fashioned dance in Jenny Lind Hall, Knights and Ladies of Security, box social."

Cornelius Vanderbilt dies, leaving an estate estimated in excess of \$1,000,000,000.  
Richard B. Ayer and Miss Olive Denison are married, Miss Florence Sloper and Paul Kellogg, the attendants.

If the President wants the senate to cease from troubling he'll have to find a more strenuous mandatory for it than penal little Thomas Riley Marshall.—Kansas City Star.

## THE JESTER

One Way To Be Happy.

"They seem to get along very well."

"Yes. She makes her plans so that they interfere as little as possible with her husband's golf engagements."—Detroit Free Press.

## OF COURSE.

"Our salmon are nice and fresh, mum."

"Er—have they roes?"

"Well, yes, mum, the price is a bit higher."—New York Globe.

## Recruit for New Club.

"Have you ever written a book?"

"No."

"By George! That's glorious! We want you to join our club. There are only a few of us left!"—London Answers.

## Too Smart.

"Did you see anything marked down at the new department store?"

"Yes," the red elevator globes."—Boston Evening Transcript.

## MONEY ORDERS ARE TO FALL FROM CLOUDS

Friends and fellow-citizens!  
Get out your glasses put away when the fleet said good bye, for tomorrow at three, Clifford Durant will fly over the City Hall Plaza in his dashing new aeroplane, and drop money orders from the clouds over the Market Fete—orders for real money—to be redeemed at the Pavilion of the Nickel Dance in the Plaza in the evening.  
And it's no dream!  
Tomorrow at three!  
The busiest spot in town today is the City Hall Plaza.  
You should see the Market Fete in the making. Never has there been such a happy combination of work and fun and philanthropy.  
The booths—thirty-eight of them—are up in the hands of the decorating committee, and when the moon looks down on the mid-town park tonight, it will silver a tawny city of orange and green.

**CARPENTERS WORK HARD**  
And that the booths are up on schedule time—and a bit ahead—is due to the magnanimous co-operation of a group of Oakland's carpenters, who went on the job last night after a day's work, and nailed and sawed and hammered till close to ten last night. They were Jerry Burlingame, J. W. Bibby, D. Marston, M. S. Lemme, L. Shepard, Frank Stokes, Percy Morrison, Frank Weeks, William Murray, R. Stahly and two or three others, turning the work into a party, with supper served on the job—gratuitous service, of course. And taking a hand, to help the good work along, were a group of business men from the neighborhood who turned to with nails and hammer and bit and brace, and not a few big-hearted passers-by who wanted to help in the big philanthropy.  
Mrs. M. L. Wooley, chairman of the soap booth, will be assisted by Mrs. Giles Nelson, Easton, Patricia Webster, Miss Margaret Mills, and a group of Berkeley girls.  
**COMMITTEE ENLARGED**  
Mrs. William Thornton Blackburn, chairman of "Mollasses Chews" has enlarged her committee, made up of Mesdames Edward Green, Charles Chelfant, Louis Schukey, Maxwell Taft, Guyon W. Cortelyou, Jennie Hyman, Clarence Strohl, the Misses Louis Crake, Chas. Scott and a group of high school girls.  
Contributions to the fete are coming in to Room 105, City Hall, where chairman of booths are on hand to receive them and to see that specifically it is announced that

MRS. EMIL FRITSCH (left) and MRS. GEORGE ROTHGANGER leading a hand in setting up the booths at the Market Fete in the City Hall Plaza.

## Tomorrow to Be Benefit Fete Day

Tomorrow's the Big Day!  
Tomorrow's the Big Night!  
The town's turning out to buy its Sabbath dinner, eat its lunch—  
market prices will prevail in every booth, and "change back" under the orders of Mrs. Joseph Russell Knowland, director of the fete, and her committee.  
In the novelty booth, Mrs. Walter Norwood Moore, chairman, H. M. Edwards, one of the most successful four-minute men of war days, will employ his eloquence tomorrow at 10, 12, 2, 4, 8 and 10 o'clock auctioning off hundreds of beautiful objects that Mrs. Moore has acquired, among them a Persian cat, a silk lamp shade that is said to be a work of art, figurines, miniatures, and any number of things that are to be found only under such conditions of sale.

sandwiches, hot dogs, marvelous cakes and mothers' pies, and ice cream—and to stock up for the next month with fruit and candy and soap and sachet and—  
A thousand things that slipped the mind that townsfolk need, at the Market Fete at the City Hall Plaza.  
And there'll be gum—tons of it, and hosts of pretty girls dispensing it.  
And flowers—riotous masses of color that glorify the Eastbay country.  
And the Nickel Dance under the moon to the tune of the jazziest band ever!  
'Twill be a Great Day and a Great Night, all for the benefit of the family of 100 children in the Ladies' Relief Home out on Forty-fifth street.

## U. S. ABANDONS ITS HUNT FOR MISSING MEN

SAN DIEGO, Sept. 12.—After a fruitless search of three weeks, army aviation authorities at Rockwell Field have decided to abandon the search for Lieutenants Frederick Waterhouse and Cecil H. Connolly, army aviators who have been missing since August 21.  
Every acre in the rugged country of Lower California, within a radius of 150 miles from the point where the aviators were last seen, has been combed and re-combed. Unless some new clue is unearthed today, the army planes will be recalled tomorrow.

**LABOR MAKES OWN RULES.**  
PARIS, Sept. 12.—The supreme council has decided to let the international labor conference which meets at Washington in October, decide for itself whether German and Austrian delegates be admitted.

## AVIATORS MUST NOT CROSS LINE

SAN ANTONIO, Texas, Sept. 12.—American aviators are forbidden to fly across the international boundary into Mexico under any circumstances, by an order issued today from headquarters of Major Joseph T. Dickman, commanding the border district. Today's orders follow conferences between Mexican officials and army officers. The Mexicans claimed that aviators flying over the border constituted a violation of Mexican sovereignty.

**LIQUOR LAW UPHOLD.**  
STOCKTON, Sept. 12.—Stockton's liquor ordinance and its enforcement is not interfered with by the wartime prohibition federal statute, according to a decision rendered by Judge George F. Buck.

## 'Wolves of the Night' to Be American Theatre Feature

WILLIAM FARNUM, most popular of all male screen stars, who is to appear in the American in "Wolves of the Night" all next week commencing Sunday.

Great Thrills and Tense Situations Divide Interest With Romantic Element of Drama

William Farnum in "Wolves of the Night," an absorbing story of love, envy, conspiracy and revenge. In which a strong man, the victim of a nefarious plot, comes back after years of supposed death and squares accounts with his foes. In the feature of the double program which will be presented at the American theatre next week, commencing with the matinee Sunday, "Madge Kennedy" is a delightful comedy-drama. "Strictly Confidential" is the second feature of the bill.  
The great thrills which are inseparable from the motion picture work of William Farnum are given in abundance in his latest photoplay. One of the most thrilling incidents of the story is the mine scene where Farnum as the hero of the play is imprisoned in a mine through an explosion of dynamite intended to destroy him. His eventual escape in a powerful graphic scene ever enjoyed for the films. The romantic element is an important factor in the play.  
The performances today and tomorrow coincide the remarkably successful engagement of Nazimova in "The End" and Will Rogers in "Almost a Husband."—Advertisement.

# MAN FIRED BY PRATT MAY BE RE-EMPLOYED

Harry W. Bridgeman, former purchasing agent of the school department, ousted a year ago through the efforts of Dan W. Pratt, resigned business manager, may return to the school department as "supervising storekeeper," a new office created last night by the board of education. The school board, in creating the position, has decided to employ a man who has been in the service of the school department for a number of years. It was Bridgeman's dismissal that started the political war between Pratt and former school director Harry Boyle. Pratt, in a reorganization of the school business department, eliminated the office of purchasing agent. Pratt himself resigned from the board three weeks ago, following charges that he had misappropriated school funds, and is now awaiting trial, following a grand jury indictment. His defense may bring into court certain of the events connected with the Bridgeman case.

## LABOR NOTES

By a vote of three to one, local unions in the shipyard trades have endorsed the new wage agreement which was made by the local union and the shipyard employers. This is the statement of A. C. Hansen, newly appointed treasurer of the local union. The agreement, which was made by the local union and the shipyard employers, is the first of the kind in the shipyard trades. The agreement provides for a 10 percent increase in wages, and for a 10 percent increase in the cost of living. The agreement also provides for a 10 percent increase in the cost of living. The agreement also provides for a 10 percent increase in the cost of living.

The following committee has been appointed by the local union to represent the shipyard workers in the new wage agreement. The committee consists of the following members: A. C. Hansen, newly appointed treasurer of the local union; J. J. Hansen, newly appointed secretary of the local union; and J. J. Hansen, newly appointed secretary of the local union. The committee will represent the shipyard workers in the new wage agreement.

# Carranza Coin Will Be Traced U. S. Pastor's Name on Draft

WASHINGTON, Sept. 12.—Senator Paul, chairman of the subcommittee investigating Mexican affairs, declared today every effort will be made to learn if supporters of Carranza on this side of the border are receiving money from the Mexican president.

"Any payments of which the committee can learn will be traced to their source," he said. "I do not wish to make any charges against those who may have been in Carranza's employ, but the people are entitled to know about it."

The subcommittee hearings today are dependent on the meeting of the foreign relations committee, a special session of which has been called by Senator Paul. The president of the Mexican Petroleum company, today was having prepared a photographic copy of a draft he produced on the witness stand late yesterday, to be put into the records.

**PASTOR'S NAME ON DRAFT.**

This draft, which he testified was made in payment of port taxes to the Mexican treasurer-general by the Mexican Petroleum company, was presented for payment in New York by Dr. Henry Allen Tupper, according to an endorsement on the back of it. Tupper is pastor of the First Baptist church of this city and, according to testimony, was active in support of Carranza's claim for recognition by the American government.

The draft was endorsed by the treasurer-general, "payable to the order of Henry Allen Tupper for value received."

# WILSON TO REVIEW FLEET TOMORROW TOMATO PRICE IN L. A. TAKES DROP

SEATTLE, Sept. 12.—In single file formation, led by the dreadnaught New Mexico, Admiral Hugh Rodman's fleet, the Pacific fleet steamed into Elliott bay today.

President Wilson soon after he arrives here tomorrow will board the historic old battleship Oregon and review the fleet. Secretary Daniels is to review the fleet at Tacoma Monday.

**ABOARD THE U. S. ARKANSAS.**

Sept. 12.—Secretary Daniels announced today that officers from the Puget Sound Navy yard at Bremerton would conduct further investigations into the proposed naval base site at Port Angeles, which the secretary and Admiral Rodman visited yesterday.

**VICTORIA, B. C., Sept. 12.**—United States battleships New Mexico and Arkansas, and the cruiser Juneau, left Puget Sound this morning on their way to Puget Sound. Victoria gave Secretary Daniels and Admiral Rodman a fine welcome. A scene of marked enthusiasm occurred at the Canadian club banquet last night. Secretary Daniels was cheered to the echo by the close relations in war, commerce and mutual affection between Canada and the United States.

# GARBAGE CANS BOUNCE BEHIND SPEED FIENDS

Riding motorcycles with large garbage cans attached to the rear ends, Walter Gray and Lee D. Smith, two local boys, were brought to a halt at Thirty-fifth and Market streets by Officer J. Durbin and Special Agent Lewis at 2 o'clock this morning, the police say.

The young men told the officers they were just out for a "little fun." They were taken to the station on charges of malicious mischief. Both were released on furnishing \$20 bail each.

# Scalded to Death by Ship's Steam

SAN FRANCISCO, Sept. 12.—Peter Garcia, a mechanic, was scalded to death and four other men narrowly escaped a similar fate today when a large steamship exploded in the engine room of the steamer West Caddo, in the course of construction at Schuch-Blatcher Shipyards at South San Francisco.

Garcia and four other workmen were installing fittings when a main steam pipe suddenly exploded, enveloping the men in scalding steam. Garcia's neck was broken. His companions received only minor injuries.

**PLAN NEW DISTRICT.**

COLUMBIA, Sept. 12.—A preliminary work in connection with the organization of the Glenn-Colusa irrigation district, comprising about 100,000 acres, has been completed. The petition for signature is now in the hands of the printer and will be circulated this week.

As much as \$45 a week at four cents a pound. The market is flooded with live poultry as a result of the strike. The chicken pickers are not organized.

# ARRESTS MADE IN FIGHT OVER BEER LICENSES

SAN JOSE, Sept. 12.—William Ferri, proprietor, and F. C. Enders, bartender of the Pullman saloon near the Southern Pacific railroad station, and Edward Ulrich and Edward Mathews, proprietors of the Old Buffet bar on East Santa Clara streets, were arrested last night by police officers on warrants sworn to by Chief of Police J. N. Black, charging violation of the city anti-saloon ordinance.

The arrests were the first in a fight opened by the city administration against open barrooms which are gradually re-opening since July 1, although they were voted out of existence several months before.

Wednesday, after the city had issued beer licenses to eleven restaurants, City Manager C. W. Bailey sent out notices that all dealers operating without a license would be prosecuted.

Another phase of the license battle developed yesterday when beer bottling works refused to allow a single bottle of 2.75 per cent beer leave their plants, even to the licensed beer bottlers. The bottling works applied for licenses but their applications have been postponed to Monday night. In the meantime they have been notified that they will be arrested if they operate without a license.

# TOWN'S OWNER HANGS OUT HIS 'FOR SALE' SIGN

MONETA, Wyo., Sept. 12.—Asbury Hanson, sole proprietor of the entire town, today hung out a "for sale" sign. He agrees to give title to his 18-room hotel, several cottages and dwellings, a combined laundry and butcher shop, two large barns, an ice house and an assortment of out-buildings and buildings to the town of Moneta. He owns all the furniture in the hamlet, but says he will throw that in without cost.

# Farmer's Truck Hits Wagon; Boys Injured

Slight injuries were suffered by Edward and George Cullet, aged 12 and 5 years, respectively, who were in the wagon of their father, Frank Cullet of Long Beach, when the vehicle was struck by an auto truck driven by Frank Martin of Alameda.

The accident happened on East Fourteenth street. Martin was driving the truck for a sugar company when he ran over the wagon. The children were thrown into the back of the wagon and bruised.

They were removed to the emergency hospital for treatment.

# Explosion, Fire, Do \$200,000 Damage

LOS ANGELES, Sept. 12.—An explosion, the cause of which has not been discovered, resulted in a fire which caused \$200,000 damages to the factory of the Pacific Sewer Pipe Company here late yesterday and started incipient flames in twelve adjacent residences. In battling the flames, Captain R. H. Welch of the fire department received burns which may prove fatal.

# FIVE-DAY WEEK, SIX-HOUR PAY, MINERS' HOPE

CLEVELAND, O., Sept. 12.—Nationalization of the nation's coal mines. Establishment of a five-day work week. Reduction of daily work hours to six. A 60 per cent increase in wages. These are the principal demands to be considered at the biennial convention of the United Mine Workers of America which tomorrow opens one of the most momentous gatherings in the history of the organization.

Close to 2000 delegates will represent more than 500,000 miners all over the United States in the deliberations here which are expected to extend over two weeks.

The work of the convention will be the framing of a wage scale and the adoption of a program of working conditions which will be presented immediately upon conclusion of the convention at a joint conference with the operators at Buffalo.

Leaders of the miners who are here getting everything in readiness for the convention declared today that practically every local union in the country has gone on record as favoring the six-hour day and five-day week plan. Wage demands adopted by the locals have varied from 50 to 75 per cent, with a majority favoring 60 per cent increase.

Nationalization of the mines will be adopted as a principle and not as a concrete demand. According to William Green, national secretary of the miners and general secretary of the United Mine Workers of America, the miners see in nationalization of the mines of the country greater efficiency in production, less waste of natural resources and better working conditions for the miners. According to Secretary Green, the union is not prepared at this time to go further than to make a strong recommendation for nationalization.

"We will not use the strike as a weapon to force the idea on the country," declared Green today. "We believe that an educational campaign will better attain our ends."

The miners will be welcomed tomorrow by Governor C. O. Davis and Mayor Davis of Cleveland. The sessions of the convention will be held in Gray's Armory.

# Police Hunt for Missing Chauffeur Believed Victim of Memory Loss

Believed to be suffering from a sudden loss of memory as the result of an automobile wreck following the recent shell shock and wounds he received while in service in France, Albert Thompson, 27-year-old chauffeur is wandering somewhere in Oakland or San Francisco, is the belief of a friend, Claude Hoole, of Burlingame, who has written to the Oakland police department requesting that a thorough search be started for Thompson.

After seeing valiant service on the Western front, in which he was wounded several times and endured shell shock innumerable times, Thompson accepted the position of chauffeur for George Pope of Hillsborough.

At last reports Thompson was seen at 4 o'clock last Saturday morning at the Embarcadero, San Francisco. He is believed to have taken a ferry across to Oakland.

The machine was wrecked on the road near Colma and Thompson was uninjured, according to an investigation.

The missing chauffeur is described as of medium build, dark hair, five feet, five inches tall, with a strong accent. He wore a large oval ring.

live; F. J. Hill and his assistant, together with eight members of the Rotary Club.

Part of the money to be raised will be utilized to make further payments on the Diamond Canyon camp site, recently purchased for the local scouts. There are 22 acres, on which only partial payments have been made.

# DRIVE FOR BOY SCOUTS PLANNED

A new financial drive for Oakland and Piedmont Boy Scouts was planned today, when representatives from the Rotary Club and from the Scout organization met at Hotel Oakland. Following luncheon, plans were laid to raise \$50,000 for the 400 local boys, now affiliated with the semi-military international organization, and action was decided upon for the immediate future.

The Oakland Rotary Club is playing "daddy" to the boys, and will foster the drive, although Boy Scout representatives will take an active interest in managing the affair. The boys will work, also. Among those who met today were included the following: H. J. Jackson, president of the Boy Scout council; Postmaster J. J. Rosborough, executive chairman for the game organization; H. C. Capwell, chief Scout executive.

VOICE RETURNS.  
SALLISAW, Okla., Sept. 9.—After having been unable to talk since he was four years old, Harvey Sallisaw, a negro, awoke the other morning and found that he was able to use his vocal chords to produce sound.

## BANKER OUTLINES H. C. L. REMEDY

NEW YORK, Sept. 12.—"Let's get to work," said President Charles H. Sabin of the Guaranty Trust Company of New York, emphasizing to the United Press today his opinions regarding "the most vital problem confronting the country—the high cost of living."

Three remedies are available, he said, as follows:

First—Greater production.

Second—Economy.

Third—Elimination of exorbitant prices.

Sabin believes these are the chief remedies for the reason that the basic causes of the high cost of living are:

First—World's shortage of necessities.

Second—Extravagance.

Third—Profiteering.

"The most vital problem before the people of this country, as it is also the most vital confronting all civilized peoples today," he said, "is the high cost of living, which is due to three principal causes, namely, world's shortage of necessities, extravagance and profiteering."

## BACON WORTH MILLIONS SPOILS ON BRITISH DOCK

LONDON, Sept. 12.—Eighty  
millions of dollars worth of bacon  
on the docks at Liverpool is in  
danger of being spoiled because of  
the delay of the government in  
handling it, according to a des-  
patch from Liverpool today.

## U. S. CITIZENSHIP OPEN TO GERMANS

WASHINGTON, Sept. 12.—The  
commissioner of naturalization has  
issued instructions that the act of  
May 9, 1918, which placed restric-  
tions on enemy aliens during the  
war, is no longer operative to pre-  
vent the naturalization of former  
subjects of the central powers.

Cases suspended under this law  
now may be completed, unless there  
are specific objections to individuals  
and unless the applicant deferred  
taking steps toward naturalization  
within the two-year period preceding  
the war, such cases being subject to  
Presidential exception.

## WOOD RETICENT ON POLITICS

NEW YORK, Sept. 12.—Major  
General Leonard Wood today refused  
to discuss persistent reports that he  
would resign his army office within  
a few days to become an active can-  
didate for the Republican presiden-  
tial nomination. The report was  
first spread by politicians who talked  
to General Wood when he reached  
New York yesterday.

## GUITTARD The Pure CHOCOLATE Ground or Cake

## The Apex Electric Washer

Now Sold on Laundry Bill Terms

1. Wringer swing over the wash tray's safety release on wringer.
2. Will do your weekly wash for only 3 cents for electricity.
3. No cylinder in tub to lift out. No pegs to tear clothes.
4. Runs silently. No complicated mechanism.
5. Tub is all copper. Will never rust. Easy to clean as a dishpan.
6. Has best materials and sells for \$25 less than any other all-copper machine.
7. Washes blankets, quilts, lace, etc. Attaches to any electric light socket.
8. Satisfaction guaranteed. Free trial given. Easy terms. Same as laundry bills.

Don't buy a washer until you see an APEX.

A sturdy constructed machine, all metal, easily operated, perfectly safeguarded, on the market eight years, and give satisfaction wherever used. Will wash clothes spotlessly clean in 12 to 15 minutes.

May we give you a free trial?

No obligation on your part.  
Our young lady will demonstrate for you, and you can pay on terms same as laundry bills—if you wish.

## PIGGLY WIGGLY

All Over the World

In this City

STORE No. 1  
471 9th St.  
Between Washington and Broadway

STORE No. 2  
2314 E. 14th St.  
Near corner Twenty-third Avenue

In over 125 cities in the United States PIGGLY WIGGLY stores are  
holding down profiteering.

Two new stores in Oakland stocked with new merchandise are open  
for inspection. Other stores will open soon.

Only advertised standard brands of merchandise are offered for sale,  
priced with swinging price tags and so systematically arranged as to  
make shopping a pleasure.

In a PIGGLY WIGGLY store no one will ask you to buy or suggest  
something "just as good." You may select with your own hands such ar-  
ticles as you may want or you can pass out without buying a single thing.

PIGGLY WIGGLY has come to Oakland to stay and to be a part of  
the every-day life of Oakland people.

No special prices are offered below cost with a limit of three  
or six to a customer to bait the public into the store. Prices quoted  
herein are only a sample of every-day prices and you may help  
yourself to all you wish.

Over 1500 articles of merchandise are offered in a PIGGLY WIGGLY  
store and all profits are based on the smallest cost of operation of any  
system on earth.

## BERKELEY WARNS AUTO SPEEDERS

BERKELEY, Sept. 12.—Big red signs warning motorists to keep out of the city limits, are now stalled today in Berkeley under the direction of the police department.

The warnings, of a triangular shape, and painted red with white letters, attract the eye, will be placed on every thoroughfare of the city. Twenty miles per hour will be allowed on the outskirts of the city, and twenty miles as the limit in the crowded business sections and other places of danger.

Officer Frank Waterbury is directing the installation of the signs.

Enforcement of the new motor vehicle traffic laws has been ordered by Chief of Police August Vollmer and a long series of arrests has kept courts and police officials busy during the

## HAYWARD

HAYWARD, Sept. 12.—Mrs. S. T. Cooper of Niles was a visitor in Hayward Wednesday.

Albert Cooper, formerly of Hayward, has received his discharge from the navy and is working temporarily in the Shuckles cannery a Miles.

---

Miss Marjorie McKellar, who has made her home with Mayor Mantel and wife during the past six months is now living in Oakland with Mrs. Harry Halloway's mother. Miss McKellar is office nurse for Dr. A. M. Smith.

Miss Mary LeHane, domestic science teacher in the Hayward Union high school, is ill at her home in Berkeley. She left Hayward Tuesday evening and it is not known when she will be able to return.

Ed De Long and family will leave Hayward some time this month and make their home in San Francisco.

Mrs. Arthur Manter, Mrs. Ed Manter and Miss Jessie Love left Hayward this morning for Oakland where they will spend the day.

Wednesday the ladies of the Nilsson Church guild met in the guild room.

About 30 women were present. Mrs. A. A. Hatch was re-elected president. Mrs. J. W. Macy resigned as secretary and Mrs. William H. Forster was put in her place. At the close of the business meeting fees and cakes were served.

Sunday the Livermore center of the farm bureau will hold their annual picnic at Brushy peak. Music will be furnished by the center and dancing and free coffee will be served. Prizes will be given for races. The Altamont center of the farm bureau has been invited to join the picnic.

Tuesday, September 16, will be the fall opening day of the Center view club. A luncheon and musical program has been arranged for the day.

George Oakes, editor of the Hayward Journal, has purchased the Livermore Echo, and will now print a paper which will be called the Livermore Journal.

Miss Anne Obermuller is holding her old position of vocal instructor in the Hayward Grammar school. In addition to this she teaches one period during the day in the Fairview, John Gamble and Bay District schools.

## LIVERMORE

LIVERMORE, Sept. 12.—The first issue of the Livermore Journal appeared yesterday. It is published by George H. Oakes of the Hayward Journal, and this first issue was printed in the office there, the local office not being yet in readiness.

Enoch Holmes, a former resident of this valley, came over from San Jose for a deer hunt before the season should close, and got a big three-pronged buck on Wednesday two miles this side of the magnesite mines at Red Mountain.

John Safford, accompanied by C. E. McManes, bagged a forked-horn buck yesterday in the mountains along the Arrow Lake. They report, however, that the deer fell in such a rough, inaccessible spot that the work of getting the carcass up hill and down for a distance of a couple of miles to their automobile was almost more than it was worth.

Attorney James W. Clarke was here from Oakland yesterday on a business trip.

**Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.**

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomi-

They can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that cause excessive acid secretion or they can eat as they please in reason and make it a rule to eat only such foods as are not harmful and prevent the formation of gas, sourness or premature oxidation of the food. A little *Shikharit*, *Mazena*, or better, *safflower*, there is probably no better, safer, more reliable stomachic antacid than this. It is useful in the treatment of acidity used for this purpose. It has a direct action on the stomach and neutralizes the acid. It is made up of the powder of a couple of five grain tablets taken in a little water with a little oil. It is a very agreeable acidity which may be present and prevent its further formation. This is a very agreeable and natural remedy and the meal digests naturally.

Get a few ounces of Bisulcristal Magnesia from any reliable druggist. Ask for either powder or tablets. A never comes as a liquid, milk or citrate and the Bisulcristal form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Advertisement.

**Students of Drama  
to Present Play**

The class in dramatics at the Oakland evening high school is preparing for a play to be given this fall. The parts are shortly to be assigned. The class is still open for enrollments, meeting Tuesday and Friday evenings. The study of clever comedy and drama and the production of one-act, as well as longer plays, is a portion of the work of the class, which is directed by Mae Belle Names Carlson, director of the California dramatic school. Both young men and women are invited to join the class. Its presentation, in June, of Pinero's well known "Trelawney of the Wells" drew much encouraging comment from the audiences attending.

Thousands Attend Mitchell's Funeral  
SCRANTON, Pa., Sept. 12.—The funeral of the late John Mitchell, chairman of the New York State Industrial Commission and former president of the United Mine Workers of America, was held here today. It was attended by thousands of miners.

JELICOE GOES TO REORGANIZE AUSTRALIAN NAVY  
SYDNEY, N. S. W., Sept. 12.—Sir John Jellicoe, whose mission here is the reorganization of the Australian navy, has completed his report. This provides for establishment of an Australian naval unit composed of eight modern battle cruisers, twelve light cruisers, twenty-four destroyers and twelve submarines and supply ships. This program would be completed in 1923 at a cost of \$5,000,000 annually. It is considered doubtful that the government will accept the proposals.

THIEF TAKES WEDDING RING.  
ST. LOUIS, Mo., Sept. 12.—A burglar, who entered the home of Richard Bauer here, took Mrs. Bauer's wedding ring from her finger as she slept. The burglar also took \$1.50 from a dresser drawer, Bauer told the police.

**WOMAN, DOPE  
RING FIGURE IN  
MURDER CASE**

Two descriptions of the mysterious woman seen with Joseph Minetti, Pittsburgh hotel keeper, shortly before his body was found at the wheel of his automobile, are the new clues to the mysterious murder and robbery to be unearthed by the Contra Costa authorities. It has further developed that the finger prints, found on the automobile, where the number plate had been removed, are small, probably those of a woman, thus indicating, according to Sheriff R. R. Veale, that the woman had removed the plate. Footprints from a woman's shoe on the road add weight to this deduction. Malignations of an alleged narcotic ring are now believed to have been the cause of the murder, and one man is under suspicion.

Clews pointing to the connection of a ring with the mysterious murder, are being probed by the sheriff's office. A Ross, recently arrested at Antioch by the State Pharmacy Board and said to be a close friend of Minetti's, and the sheriff is working on the theory that some angle of the dope system in Contra Costa county may have been behind the killing. The fact that Minetti had evidently gone to keep an appointment when he met his death adds to the likelihood of this conjecture, the sheriff's office says. Minetti was shot from the rear seat of his own machine, dying instantly as he sat at the wheel of his car.

Shortly before his body was found he was seen driving through Pittsburgh, a man and woman in the rear seat of his machine. He was found on a lonely road a mile from the town. Giovanni Tosca, a Pittsburgh restaurant keeper, and Mrs. I. H. De Mello, owner of a bakery, have furnished the authorities with descriptions of the woman. The robbery of Minetti's body, Veale's office believes, may have been a blind to cover the real cause of the murder. Martin Blemm, a farmer living near the place where Minetti's body and auto were found, says that he heard two shots fired late Tuesday night—the exact time he does not remember. This fits the Minetti case, two ejected empty cartridges having been found in the road. The windshield of the car was broken, the authorities deducing that one shot missed the victim, striking the glass shield, and the other embedding itself in his brain. Minetti was carrying about \$1200 on his person when he left with the couple, according to his friends. This was missing and his pockets were turned inside out.

FALL UNCONFIRMED.  
PARIS, Sept. 12. (Havas).—The Temps says that the Rumanian legation is without any official confirmation of the reported fall of the Bratiano ministry, but that it considers the report probable.

**Jingle Jolts**

(By Harvey E. Westgate)

A woman grabs her shopping bag and beats it for the store, and buys a bunch of lingerie and other things; she gathers lace and ribbons and some feathers for her hat, and things to puff her hair, 'gosh, at twenty cents a rat.

She buys some eyebrow pencils and some powder for her nose, a pair of bedroom slippers and some fish-net silken hose; she gets some waists and collars and perhaps a stylish bonnet, with birds and fruit and garden sass and other things upon it.

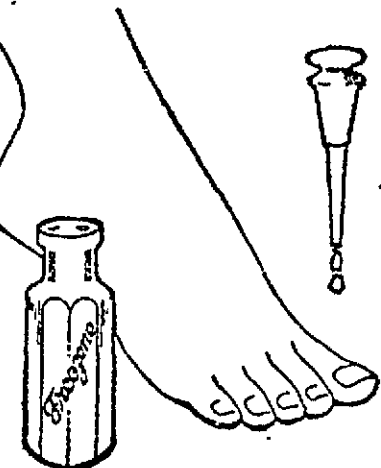

The basement bargains lure her and she paws the things around (though twenty women jostle her she always stands her ground); and when at last it's over she is feeling like a rag, but she'll be there tomorrow with her good old shopping bag.

Oh, grant that I may never take another shopping tour (to tag along behind my wife I simply can't endure); I'll gladly weed the garden or I'll scrub the kitchen floor, but won't you help me, Isaac, hunt for bargains any more.

L. A. WEATHERMAN RESIGNS.  
LOS ANGELES, Sept. 12.—Dr. Ford A. Carpenter, chief of the local weather bureau, has resigned to become head of a new department of aeronautics and meteorology established by the Los Angeles Chamber of Commerce. Major Herbert C. Hersey, now in charge of the Milwaukee weather bureau, will succeed Dr. Carpenter.

**Lift off Corns!**

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops burning, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Advertisement.

Jackson's Saturday Special

Set of six glass sundaes—  
have cut grape pattern

1.15 for the  
set  
of six

450 sets to be sold. Good weight of glass, dainty shape; attractive cut grape pattern, as illustrated. Can be used for ice cream, berries and other kinds of desserts. Sold in sets of six, only—something every housewife will appreciate.
